Mrs. Elizabeth Berkheimer, 88, Fatally Burned In New Oxford; Clothing Ignited Filling Stove

Mrs. Elizabeth Berkheimer, 81, was burned to death Wednesday afternoon in her home, 109 E. High St., New Oxford, after her clothing was ignited as she was filling the fuel tank of a kerosene stove.

Her body was found by New Oxford firemen when they broke into the home after having been summoned by neighbors.

Mrs. Lawrence Byers, who lives in the other side of the double house in which Mrs. Berkheimer resided, said she heard bumping sounds next door and heard the elderly woman call "Mamie," Mrs. Byers' first name.

Coroner Called From Inquest
Mrs. Byers was unable to get into the Berkheimer home where the elderly woman resided alone. She notified neighbors and the fire company was called.

Dr. C. G. Crist, Adams County coroner, was called away from an inquest at the court house and went to New Oxford with Pfc. David James of the Gettysburg substation of the state police.

Investigators said there were indications that Mrs. Berkheimer had been filling the fuel tank of the old-style kerosene stove when her clothing became ignited. The tank on the two-burner stove was located between its two burners.

Body In Living Room
Mrs. Berkheimer's clothing was burned off and she was seared from head to foot by third degree burns. Her body was found in the living room near a front window. Curtains were ablaze there and clothing on a clothes tree near a locked hall.

OPEN MAGAZINE SALE CAMPAIGN

The American Legion Auxiliary has announced the opening of the sixth annual magazine subscription campaign. Commissions derived this year, the president of the auxiliary, Mrs. Edith Bushman, said, will be used to purchase hospital beds and other sick room equipment.

"As a result of previous campaigns," said Mrs. Bushman, "the auxiliary has been able to purchase and to maintain hospital beds, wheel chairs, crutches, polio-pops, bed-sides and bedside tables. The equipment has been available for temporary use, without charge, to any resident. It has been in almost constant demand and has given valuable and timely service throughout the community. The auxiliary feels that the equipment it proposes to purchase this year is a much-needed addition to that already available."

Only accredited representatives of the publishers bearing letters of introduction and identification from the auxiliary and signed by Mrs. Bushman will call on residents to explain the plan in detail. Residents, when called on, should ask to see the representative's letter of introduction. This will eliminate any misrepresentation by an unauthorized person, the president said. Cash donations are not to be solicited or accepted.

The equipment is housed in the American Legion Home, Baltimore St., when not in use. Any resident in need of any type of equipment is asked to phone Mrs. Bushman.

Mercury Drops To One Above Zero

The mercury sank to a new low for the winter here today when a minimum of one degree above zero was registered at the Gettysburg Times weather station. There were many reports of zero and below in rural areas and the weather station at Gettysburg reported a low of six below zero.

The previous low here so far this winter was five above zero last Friday morning. The record low for February 3 in local weather records was 13 below zero in 1934.

Mark Youth Week Sunday At Flohr's

Youth Week will be observed Sunday at Flohr's Lutheran Sunday School at the 10 o'clock service. Miss Sue Stuckey will be the acting superintendent. Darlene Funt will serve as secretary and Marilyn Kump as pianist. The scripture will be read by Judy Shovaker and prayer will be offered by Edward Simpson. There will be a vocal solo by Janet Stuckey and a saxophone solo by Hammond Geyer.

ACCIDENT ON WEDNESDAY
Slippery roads caused only one accident in the borough Wednesday. No one was injured and damage was estimated at \$95. At 3:50 o'clock in the afternoon, John Daniel Hardman, Fairfield R. 1, was driving west on Seminary Ave., and Floyd E. Lawrence, 205 Buford Ave., was driving north on Howard Ave. At the intersection, the front of Hardman's car skidded into the right side of the Lawrence vehicle, according to borough police.

Send Invitation To Ike For May 30th

A formal invitation has been extended to President Eisenhower to speak May 30 at the annual service here, the speakers committee of the Gettysburg Memorial Day Committee reported Wednesday night at a meeting of the full committee held at the GAR rooms, E. Middle St.

Attorney Richard A. Brown, chairman of the sub-committee, which has been functioning since last fall, said that "everything that can be done up to this point has been done" in connection with the invitation.

Chester S. Shriver, of the Sons of Union Veterans, was named to another term as chairman of the town's joint Memorial Day committee. Named as vice chairmen were John Rummel of the VFW, Lawrence M. Sheads of the American Legion and John Zimmerman, USWV. Jesse E. Snyder was named as treasurer and LeRoy Winebrenner as parade marshal. Next meeting will be held at the call of the chairman.

STATE HEART GROUP WILL HAVE EXHIBITS

The Pennsylvania Heart Association will participate in the inaugural program of the Adams County Heart Association to be held Sunday evening at 8:15 o'clock in the Moose Home on York St.

The program, which is being inaugurated this year as an annual event in an effort to increase the public's knowledge on the heart and blood vessels, will include a talk by Dr. William Jeffers, chief of the hypertension clinic at the University of Pennsylvania Medical School in Philadelphia.

To Have Two Displays
Brian O'Connell, Harrisburg, will represent the state heart association here Sunday evening and will present two displays prepared by the state office. One of the exhibits will be a large "quiz board" concerning heart ailments and has proved very popular at other similar events in the state. The second exhibit will be a presentation called "The Animated Heart."

The general subject for the series of annual programs opening here on Sunday is "You and Your Heart." The lecture Sunday will be free and no attempt will be made during the evening to solicit money or pledges. Donations to the Heart Drive can be made elsewhere during the month.

Hundreds of invitations have been issued for the lecture Sunday and a general invitation has been extended to the public.

MRS. STERNER EXPIRES AT 84

Mrs. Carrie May Sterner, 84, wife of Emory G. Sterner, died at their home, Aspers R. 1, Wednesday afternoon shortly after 2 o'clock. She had been in failing health for the last few years.

A native of Mt. Joy Twp., where she was born March 15, 1870, she was a daughter of the late John and Elizabeth (Bush) Fowble.

Surviving in addition to her husband are seven children: Maurice M. Sterner, Table Rock; L. Guy Sterner, Gettysburg; Willis F. Sterner, Oella, Md.; Rev. Ivan L. Sterner, Hollis, N. Y.; Glenn L. Sterner, Gettysburg R. 1; Mrs. Samuel Dayhoff, Gettysburg R. 5; Mrs. Luther Fox, Harney, Md., and Mrs. Ira Fohl, Aspers R. 1, with whom Mr. and Mrs. Sterner resided.

She was a member of St. James Lutheran Church here, and her pastor, Rev. Dr. Ralph R. Gresh, will officiate at funeral services to be held Saturday afternoon at 1:30 o'clock from the Peters Funeral Home, Carlisle St. Interment will be made in Mountain View Cemetery, Harney, Md. Friends may call Friday evening from 7 to 9 at the funeral home.

Nationalist Bombers, Artillery Pound Reds On 350-Mile Front

TOKYO (AP)—Premier Chou En-lai of Communist China yesterday refused to send a representative to the United Nations to discuss the critical Formosa situation.

By SPENCER MOOSA
TAIPEI, Formosa (AP)—Nationalist bombers and outpost island artillery pounded Chinese Communist land targets and shipping yesterday and last night along a 350-mile oceanic front from Formosa Strait northward into the East China Sea.

There were no reports of Communist action.

While Chiang Kai-Shek's airmen and gunners carried on the furious civil war, the whole issue of a Nationalist pullout from the menaced Tachen Islands 200 miles north of Formosa appeared to be hanging in the balance today because of U.S. reluctance to give clear-cut guarantees for the pro-

Enjoys Shoveling

Judy Allison, four-year-old daughter of Dr. and Mrs. James H. Allison, W. Broadway, is shown getting her first real taste of shoveling snow Wednesday afternoon in front of her home.

985 GUESTS AT 4 DINNERS AND DANCE PARTIES

Four dinners and dances are being held this week by Mr. and Mrs. M. E. Knouse, Arendtsville, and the Knouse Foods, Inc., for employees of the latter firm. They are annual affairs.

Wednesday night Mr. and Mrs. Knouse entertained 100 persons, the office personnel and their wives or husbands, at a dinner-dance at the Hotel Gettysburg at 8 o'clock. The Mary Howe Trio furnished the music. Mr. Knouse spoke briefly in welcoming the group.

This evening the farm employees and their families will be guests of the Knouses at a dinner and entertainment at the Hotel Gettysburg. Eighty-five are expected to be guests. Mary Howe will play organ and accordion music during the dinner.

Two Other Dinners
Friday afternoon at 1 o'clock 400 employees of the Peach Glen and Scotland fruit processing plants of Knouse Foods will be guests at a dinner in the Peach Glen cafeteria. Tonight's entertainment will make up the program at this dinner.

Saturday noon 400 employees of the Chahnersburg and Ottortanna plants of Knouse Foods will be entertained at dinner at the Peach Glen cafeteria and Friday's program will be presented again.

These four functions are annual affairs of Mr. and Mrs. Knouse and Knouse Foods.

SEEK 30 FOR C. OF C. DINNER

In addition to Clem D. Johnston, president of the Chamber of Commerce of the United States, as the principal speaker, a member of the staff of the same organization will give an important analysis of the major issues facing the country, at the south-central Pennsylvania National Affairs Conference next Tuesday evening in York Mares Sherman, president of the Gettysburg Chamber of Commerce, said today.

The second speaker will be Donald A. Young, legislative coordinator of the national chamber. His subject will be "Your Congress and You."

The conference which is being co-sponsored by 15 local chambers of this area will be held in the Valley Ballroom, York. As one of the co-sponsoring organizations, a delegation of 30 is being sought from Gettysburg.

Mr. Johnston as head of the Chamber of Commerce of the United States is a nationally known figure. He has chosen as the subject of his address, "Boundless Frontiers."

Sherman said that a bus will be chartered for the trip to York if sufficient Gettysburgians will attend.

Clearance sale. All merchandise reduced 1/2 to 3/4 regular price. Diamonds, watches, birthstone rings, appliances, jewelry, etc. Save at Gay Jewelers, 10 Carlisle St., Gettysburg.

Here And There News Collected At Random

One of Chicago's finest parks is named after Abraham Lincoln. One of the finest statues of the martyred President is also in Chicago. Many other memorials of varied proportions are to be found within the city limits of that metropolis.

But Chicago is not satisfied. Its appreciation of Lincoln knows no bounds, as witness the following, reprinted from the current edition of the "Lincoln Herald," published by the Lincoln Memorial University, at Harrogate, Tenn.

"On the anniversary of the Gettysburg Address, November 19, the State of Illinois Abraham Lincoln Memorial Commission announced that \$1,000 in cash prizes is to be given away for the best ideas or designs for a statue of ABRAHAM LINCOLN to be placed in Lincoln Square, Chicago. The Commission appointed by Governor William G. Stratton is inviting sculptors, architects, artists, professionals and amateurs to submit original ideas in writing, in the form of illustrations, drawings, or photographs for an Abraham Lincoln statue to be erected on the triangle in Lincoln Square.

"The entries for the contest should be submitted to the Abraham Lincoln Memorial Commission, Room 1606, 134 North La Salle St., Chicago 2, Illinois. Printed sets of the rules for the contest are available from the Commission office. The contest closes on February 12, 1955."

But in Gettysburg, made internationally famous by the Great Emancipator, there is no open recognition of or memorial to this great man. The move to erect a statue of Lincoln in (Continued On Page 7)

26 Safe Driving Pupils At Inquest

Twenty-six upper classmen from Gettysburg High School were in the courtroom Wednesday afternoon for the inquest into the death of Marlin Cullison.

All of the students are members of the Safe Driving classes at the school. They were accompanied by John O'Brien, safe driving instructor at the school who made arrangements for the students to attend in a body.

They remained until the verdict was announced and then District Attorney Daniel E. Teeter, who took the verdict in the place of the coroner, Dr. C. G. Crist, explained to the students that Dr. Crist had been called to New Oxford on another coroner's case. The call was to the home of Mrs. Elizabeth Berkheimer, who was burned to death after a kerosene stove ignited her clothing.

LADIES' NIGHT TONIGHT
The annual ladies' night banquet of the Adams County Fire Chiefs Association will be held tonight at 7:30 o'clock at the McSherrytown fire hall.

Clearance sale still going on at Virginia Mers, Baltimore St.

Lt. Charles Rodgers Gets Pilot's Wings

Lt. Charles A. Rodgers, Gettysburg, recently graduated from primary pilot training at Vance Air Force Base, Enid, Oklahoma, and received his pilot's "wings." He is presently stationed at Randolph Air Force Base, San Antonio, Texas, where he is attending a B-29 transition school. Mrs. Rodgers is the former Betty Jo Hill.

Lt. Rodgers is the grandson of Mrs. Charles Weikert, 69 E. Middle St., and the son-in-law of Mrs. Violet E. Hill, 231 Baltimore St. He is a graduate of Pennsylvania State University.

YOUTH FACES MANSLAUGHTER CHARGE AFTER INQUEST HERE

A few minutes after a coroner's jury had placed full blame for a fatal auto accident upon him, Harry M. Hartman, 19, Gettysburg R. 3, was placed under arrest on a charge of involuntary manslaughter filed before Justice of the Peace John H. Basehor by state police.

Hartman went with his attorney, S. M. Raffensperger, directly from the inquest at the court house to the justice's office where the charge was filed by Pfc. George Ackerson Hartman waived a hearing and posted \$1,000 bail for April court.

The coroner's jury held Hartman responsible for the traffic death the night of January 17 of Marlin Cullison, 16-year-old Gettysburg High School senior. The fatal crash occurred three-fourths of a mile south of Arendtsville on the Mummasburg Rd. as Cullison was enroute home from a skating party with Hartman at the wheel and four other young people in the car.

Passed On Crest Of Hill
The finding was that Hartman was at fault in passing another car on the crest of a grade.

Bernard Topper, 22, Arendtsville, driver of the car Hartman hit, was exonerated of any blame and the verdict held there was no evidence to indicate negligence on the part of Richard Breighner, 19, Mummasburg, driver of the auto Hartman was passing.

Hartman, testifying voluntarily at the inquest conducted in the court room by Dr. C. G. Crist, Adams County coroner, said he did not know why he had tried to pass on the hillcrest and said he remembered nothing of the events immediately before the crash.

Hear 9 Witnesses
Breighner and occupants of his car who testified said he was driving about 45 miles an hour when Topper tried to pass, but none said Hartman was driving at a much higher rate.

Nine witnesses were questioned by Dr. Crist, District Attorney (Continued On Page 7)

Blame Neon Sign For Restaurant Fire

A neon sign set fire to the front of Wishard's Restaurant, south of York Springs on the Gettysburg-Harrisburg Highway, and caused damage estimated at less than \$100 about 10 o'clock this morning.

The York Springs Fire Company was called and a son of the owner of the restaurant, Charles Wishard, tossed a heavy coat over the burning section to check the flames until the firemen arrived.

The flames started just under the snow-covered roof. Damage indicated that the fire had been smoldering for some time before it burst into flames and was discovered.

COUPLE LICENSED
A marriage license has been issued in Hagerstown to Richard W. Hardman, Fairfield R. 1, and Sandra A. McClain, Blue Ridge Summit.

COUPLE WED 37 YEARS
Mr. and Mrs. John Geyer, Cashion, observed their 37th wedding anniversary quietly at their home on Tuesday.

Jet-Powered Vertical Takeoff Landing Aircraft Is Unveiled

NIAGARA FALLS, N.Y. (AP)—The Bell Aircraft Corp. today unveiled a jet-powered vertical takeoff and landing aircraft its executive feels could revolutionize military aviation as well as some forms of the air transport industry.

Lawrence D. Bell, founder and president of the company, said he felt the plane was "the most significant single development in aircraft flight since the Wright brothers' first airplane."

The plane, long a subject of speculation in the aircraft industry, was designed and built by Bell engineers at a cost of more than half a million dollars. It is powered by two jet engines mounted on an axle at each side of the

Ellis J. Bream, 68, New Oxford R. 1, Fatally Hurt In Auto Crash North Of Hanover On Snowy Cross Keys Road

J. C. Minter, 88, Is Hurt When Car Skids

An 88-year-old Cashion resident, J. C. Minter, suffered a laceration of the left hand and contusions of the chest, face and kness when his car skidded off the road and struck a tree Wednesday evening.

State Police, who estimated damage to the car at \$500, said Mr. Minter was driving east toward Gettysburg about four miles west of here on the Lincoln Highway. The car was just east of Woodlawn Restaurant when it started skidding on the slippery highway, went off north side of the road and struck a tree.

The accident occurred at 6:30 o'clock. Mr. Minter was brought to the Warner Hospital by the local ambulance.

DR. S. B. DUNN IS APPOINTED COLLEGE DEAN

Dr. Seymour B. Dunn, dean of Hobart College, Geneva, N. Y., has been appointed dean of Gettysburg College, effective September 1. It was announced today by Dr. Walter C. Langsam, college president. In naming Dr. Dunn to the position, Dr. Langsam announced that Dr. Wilbur E. Tilberg, now in his 29th year as dean of Gettysburg, would be named dean emeritus upon his retirement at the close of this academic year.

Served In Navy
Dr. Dunn, a native of Cortland, N. Y., has been dean at Hobart College since 1948 and is head of the history department there. Dr. Dunn received his bachelor of arts degree from Dartmouth College in 1934, his masters of arts degree from Cornell University in 1936 and his Ph.D. from Cornell in 1939. In 1938 and 1939, Dr. Dunn was an instructor in history at Hobart. From 1939 until 1941, while continuing his studies at Cornell University as a research associate in history, he directed experimental work in social studies in Iowa under a general education board grant.

Dr. Dunn returned to Hobart (Continued On Page 3)

PARENTS SUE IN OYLER'S DEATH

A damage suit for \$8,465 has been filed in Franklin County courts by Calvin A. and Frances A. Oyler, Scotland, parents of Ernest C. Oyler, 25-year-old jewelry store manager who was fatally burned in an auto accident near McKnightstown in the Lincoln Highway the evening of December 2.

The T. M. Zimmerman Company of Chambersburg, owner of the truck that hit the Oyler car, and Howard Dean Hollinger, Greencastle R. 2, the truck driver, are the defendants.

In the plaintiffs' complaint filed at Chambersburg by Attorney George S. Black, it is alleged that Hollinger "could not and did not bring his truck to a halt within the assured clear distance ahead." It is further alleged that Hollinger operated his truck carelessly and without due regard for the rights and safety of other users of the highway. It is set forth that Oyler's car was in its proper lane on the highway and "was and should have been plainly visible."

Hollinger was in court here last month on a manslaughter charge but was found not guilty in a directed verdict.

LEADING LADY GETS MARRIED

Despite snow, sleet — and weddings, the show must go on. At least that's what the Bendersville firemen learned at their meeting Wednesday evening at the Bendersville engine house.

Friday and Saturday nights the firemen will present a home talent comedy, "Funnymen Frolics."

First their leading lady, Miss Betty Helen Sheaffer, Biglerville R. 1, was married.

But the wedding plans did not interfere with the production to be held as a benefit for the fire department. Miss Sheaffer was present for rehearsals last Friday night. Saturday she married Maurice E. Pitzer Jr., of Aspers R. 1. Monday evening Miss Sheaffer, now Mrs. Pitzer, was present for the rehearsal.

Lloyd Bream and George Schriver have volunteered to clear the snow and apply clinders to the parking area, so there will be no parking difficulties for those attending the production in the Bendersville Community hall.

Curtain time each evening will be 7:30 o'clock and a door prize will be awarded each night.

Ellis Jacob Bream, 68, New Oxford R. 1, formerly of Fairfield, was fatally injured this morning when his car skidded on the Cross Keys-Hanover Rd., 1.8 mile north of Hanover, in Berwick Twp., and struck another auto.

State Policeman Robert Brady, of the local sub-station, said Mr. Bream was driving south when his car skidded across the highway into the path of a northbound auto operated by Paul Wagner, 43, of 544 N. Franklin St., Hanover.

The accident occurred at about 6:35 o'clock this morning shortly after Mr. Bream had left his home, a stone cottage on the Hanover Rd. near Cross Keys, for his place of employment at the Hanover Canning Co. He was removed to the Hanover Hospital after the accident and died there at 7:05 o'clock. York County Coroner Lester J. Sell said the death was caused by internal injuries.

Companion Hurt
A passenger in Mr. Bream's car, Frank L. Zinn, 47, New Oxford R. 1, suffered a fractured nose, possible fracture of the skull, and an injury to the left leg. He was also removed from the scene to the Hanover Hospital. This afternoon his condition was satisfactory.

A son of the late Calvin P. and Catherine (Rudisill) Bream, Mr. Bream had resided most of his life in the Fairfield section but moved to the New Oxford R. D. home 11 years ago.

He had apparently picked up Mr. Zinn enroute to work this morning. Mr. Wagner, a truck driver for Bowen-McLaughlin-York, Inc., at their garage at Cross Keys was enroute to work in his 1949 convertible when, he said later today, Mr. Bream's 1953 sedan "came across the road directly at me about 50 feet away. I tried to pull off the road but I couldn't avoid the accident." Wagner estimated damage to his car at "about \$600." He said that Mr. Bream's car was even more badly damaged.

Glenn C. Bream Is Son
Mr. Bream was a member of the First Lutheran Church, New Oxford, of the New Oxford Fire Company and the Independent Order of Odd Fellows, Fairfield.

Surviving are his wife, Mrs. Beatie L. (Cover) Bream; three sons, Glenn C. Bream, proprietor of the Gettysburg Motors Co. here; Clyde F. Bream, Arendtsville and Ralph C. Bream, Gettysburg R. 4; a daughter, Mrs. Robert W. Shank, York; eight grandchildren, and one great-grandchild.

Services Sunday
Also surviving are three brothers, John C. Bream, Gettysburg R. 2; Rev. Harvey C. Bream, Staunton, Va., and Roy W. Bream, Gettysburg; a sister, Mrs. John E. Brown, Gettysburg; two half-brothers, Harry W. Bream, Grantville, Pa., and Samuel B. Burns, Camp Hill, and a half-sister, Mrs. Ira O. Biesecker, Ottortanna.

Funeral services Sunday afternoon at 2 o'clock from the Fred P. Peiser Funeral Home, New Oxford, with the Rev. Dr. George E. Sheffer, his pastor, officiating. Interment in Evergreen Cemetery here. Friends may call at the funeral home Saturday evening after 7 o'clock.

Funeral services Sunday afternoon at 2 o'clock from the Fred P. Peiser Funeral Home, New Oxford, with the Rev. Dr. George E. Sheffer, his pastor, officiating. Interment in Evergreen Cemetery here. Friends may call at the funeral home Saturday evening after 7 o'clock.

LEADING LADY GETS MARRIED

Despite snow, sleet — and weddings, the show must go on.

ROUNDTABLE AT CAMP PLANNED

A joint Black Walnut and Coneago District roundtable will be held by the Boy Scout leaders of the two districts Tuesday, February 15, at Camp Coneago, near New Oxford, it was announced today.

Scout personnel are scheduled to discuss program ideas, swimming programs, Camp Tuckahoe activities, the Haines Safari and a nature course. Explorer personnel will discuss program hints, tours, the summer "high adventure" program, the spring "frolic" and the safari. The Cub personnel discussion schedule lists program "gimmicks," Blue and Gold programs, tours, the summer program, Boys' Life and the safari.

Robert Nicky, of Hanover, and Charles S. Harris, E. Middle St., are heading up the committee arranging for the roundtable program. A dinner will be served at 6:15 p.m. and the business sessions for the Scout, Cub and Explorer leaders will begin at 7:30 o'clock.

Other joint events to be held by the Black Walnut and Coneago districts include a "University of Scouting," providing training for all registered scout leaders, to be held at the New Oxford school starting February 22 and a commissioners training camp to be held at Camp Tuckahoe Saturday and Sunday, February 26 and 27.

Church Of Christ On New Schedule

Crawford C. Witherow, R. 2, who is currently engaged in an effort to start a Church of Christ in Gettysburg, has been called to preach, when available, at the Vanville, W. Va., Christian Church, a rural church, near Martinsburg. He announces that Sunday morning services, which had been held twice a month in Gettysburg, will be discontinued for the time being. Witherow will preach at the Vanville church on the second and fourth Sunday mornings of the month and will continue to preach at the Ringgold, and Church of Christ on the first and third Sunday mornings, and at Gettysburg each Sunday evening.

A change in the evening services here has been announced. The Bible study period will start at 7 o'clock and last for a half hour, instead of one hour as heretofore. The preaching services will continue to be held at 7:30.

The Church of Christ is not a denomination or a part of a denomination, but an independent work, in charge of the local evangelist, Mr. Witherow. When the work is fully established it will be in charge of elders, following the Scriptural pattern. No effort is being made to organize a Sunday School. The Bible teaching is conducted without any formal organization.

The public is invited to all services, now being held in the IOOF Hall, 11 Chambersburg St.

Musselman Goods Lost In Blaze

Fire Monday night destroyed a large storage building leased by the C. H. Musselman Company at Inwood, W. Va., and the total loss was placed at upwards of \$175,000. The Musselman company leased storage space in the structure which was owned by the West Virginia Department of Agriculture and a company representative said 100,000 empty apple crates and quantities of canned apple juice and applesauce were lost in the fire which burned the building to the ground in 90 minutes.

Cause of the fire was not determined. The flames were discovered by a passerby on the highway about 8:30 p.m. Fire companies from Martinsburg and Charles Town, W. Va., and Clear Brook, Va., fought the flames and kept them from destroying nearby homes that were in danger.

The building, known as the Farmers' Market, and its contents were partially covered by insurance. It stood in the town of Inwood, about 1,000 feet from the Musselman company plant there.

57-Year-Old Deed Is Filed Wednesday

The following property transfers have been filed with the office of the register and recorder: George C. Kimmel and wife, Reading Twp., sold to Paul E. Miller and wife, Hampton, for \$9,200, a property in East Berlin.

Vernon C. Reaver and wife, Littlestown, sold to Edwin F. Hood and wife, of that borough, for \$6,250, a property in Germany Twp.

In 1898, Samuel Baugher and wife, Reading Twp., sold the the Burgess and Town Council of East Berlin and their successors, for \$350, a property in Reading Twp., containing a total of approximately 1/2 acre. The deed was filed last Wednesday.

Cleason Fair Not Involved In Crash

Cleason Fair, Gettysburg, was not the driver of the bus which crashed into a car near Dillsburg, Tuesday night, it was learned today. Wednesday, Fair was "reported" to be the driver of the huge vehicle which skidded into the car of Jack Nester, 27, Dillsburg. Nester received minor injuries. Four passengers in the bus were injured slightly.

Fair told The Times today that Ray Seche, of Washington, was the driver of the bus.

Social Happenings

Phone Gettysburg 1248, 640 or 725 — After 7 P.M., 751-Y

Mrs. Margaret Johnson has returned to her home in Hagerstown, Md., after a visit of 10 days with her nephew and niece, Mr. and Mrs. R. L. Kidwell, E. Water St.

Over The Teacups Club will meet at the home of Mrs. Earl Bowen, 34 E. Lincoln Ave., Monday evening. Mrs. John S. Rice will be in charge of the program.

The Gettysburg Photographic Society will meet at the home of Dr. Charles A. Sloat, 129 W. Lincoln Ave., Friday evening at 8 o'clock.

The Fr. Corby Council, PCBL, will hold its regular meeting Friday evening at 8 o'clock in the K of C Room, Lincoln Square.

Mr. and Mrs. S. Blaine Miller and son, Andy, moved this week from their home at 701 Highland Ave. to a home on the York Rd.

Mrs. Charles W. Pentz entertained her bridge club at her home, 100 York St., Wednesday evening.

Mr. and Mrs. Murray L. Goldsborough and family, Carlisle St., will be guests of Mr. and Mrs. William F. Robson, Towson, Md., brother-in-law and sister of Mrs. Goldsborough, Sunday.

Mrs. Goldsborough will be the godmother for her niece, Stephanie, infant daughter of Mr. and Mrs. Robson, who will be baptized Sunday afternoon.

T/Sgt. Ernest Reginald Ziegler, son of Mrs. W. Ernest Ziegler, N. Washington St., has been transferred from the MacDill Air Force Base near Tampa, Fla., to a base in French Morocco according to word recently received by his mother.

Franklin Moore, manager of the Penn-Harris Hotel, Harrisburg, spent today with Mr. and Mrs. Henry M. Scharf, Herr's Hide.

Miss Florence Finger, home economist, described and prepared a "busy day" meal at a meeting Wednesday afternoon of the Harrisburg Road Home Economics Group at the home of Mrs. Herbert Zepp, R. 4. She also outlined various methods to save time while cooking. There were 12 members in attendance.

The group will meet Wednesday afternoon, February 16, at 1 o'clock at the home of Mrs. George Sollberger, R. 4, who will instruct in etching aluminum trays.

The executive committee of the Woman's Club of Gettysburg will meet Wednesday afternoon at 1 o'clock at the YWCA preceding the regular session at 2 o'clock.

Mr. and Mrs. Clarence Nuss and children, Billy and Kitty, Camp Hill, were recent guests of Mrs. Hettie Nuss, Baltimore St., mother of Mr. Nuss.

The Willing Workers Class of the Church of the Brethren met at the home of Mr. and Mrs. J. A. Kayser, Bonneville, Wednesday evening, during which an auction was held for the benefit of the class. Refreshments were served during the social hour. There were 25 members in attendance.

A joint committee meeting of the various groups in the Church of the Brethren will meet Friday evening at 7:45 o'clock at the church on the Biglerville Rd. to plan for the preaching mission in March. Plans will also be discussed for the 150th anniversary celebration of the congregation to be held in April.

Rev. Edward S. Frey, executive director of the Department of Church Architecture of the Lutheran Church, New York City, discussed church architecture, old and new, at a meeting Tuesday evening of the Seminary Wives in the social room of the Seminary. The speaker showed slides of contemporary and ancient religious architecture.

During the business session plans were made to hold a Valentine Dance in the coffee room of the Seminary Monday evening, February 14, at 8 o'clock. Mrs. Lee McDaniel is chairman of the affair. There were 30 members in attendance.

Bible Conference To Begin On Sunday

A Bible Conference will be held from Sunday through Wednesday at Centenary EUB Church, Biglerville. Sunday evening's service will begin at 7 p.m. with Col. Charles Smith, Dillsburg, as the speaker. He will show colored slides of missionary work in Japan where he served on General MacArthur's staff during World War II. The Women's Society of World Service will be in charge of the program.

The services from Monday through Wednesday will begin at 7:30 p.m. and the Rev. Donald T. McIntosh will be the speaker. He is pastor of the Methodist Church at Hampstead, Md., and an instructor at the Baltimore School of the Bible.

FIND TANK, HOSE An air tank with a hose attached was found at 4:30 o'clock Tuesday afternoon at the intersection of Washington and Chambersburg Sts. The owner may claim it from the borough police upon identification.

Boy, 10, Struck By Truck At Noon Today

Walter Skidmore, 10-year-old son of Mr. and Mrs. Frank H. Skidmore, 40 E. Lincoln Ave., escaped injury when he was hit and knocked down by the delivery truck of Minter's Store at noon today. The truck was driven by Charles W. Moritz, R. 1.

Skidmore was taken to the Warner Hospital in the ambulance, where he was examined by Dr. R. W. Gifford, and then sent home.

Borough police reported that Skidmore was walking home from school at noon. They said that he was crossing E. Lincoln Ave. northward, along Stratton St., and that the delivery truck was heading east along Lincoln Ave. The truck was reported to have been unable to stop because of the ice on the road and to have skidded into the boy.

School Directors Will Attend Classes

Dr. Harry W. Shank, supervising principal of the Dallastown area joint school system, will be the speaker at the first in a series of three classes to be held for the directors of the Adams County schools.

Shank, a former York County assistant superintendent of schools, will lead the discussion on fiscal policy and budget February 24, County Superintendent of Schools H. Edgar Reigle announced today. Site of the class, which will begin at 8 p.m., has not as yet been determined.

So far 69 county school directors have signified their intention of attending the special classes. Reigle said. The second class, on curriculum and the third, on school reorganization, will be held at two week intervals after the first class.

Missionary Society Re-Elects Mrs. Culp

Mrs. C. C. Culp was re-elected president of the Women's Missionary Society of St. James Lutheran Church at a meeting held at the church Wednesday afternoon.

Other officers renamed to their posts were Mrs. Luther Sachs, vice president; Mrs. Katherine Rightmeyer, secretary, and Mrs. G. R. Thompson, treasurer. Elected as statistical secretary was Mrs. Grace Hartman.

Plans were outlined for the Week of Prayer activities starting February 28. Refreshments were served by the following hostesses: Mrs. Charles Welkert, Mrs. Paul Reaver, Mrs. Charles Trostle, Mrs. William McClellan and Mrs. George Martin.

Nineteen attended the session. The next meeting will be held March 2.

Legion Will Meet Monday Night

The monthly meeting of the Al-J. Lentz Post No. 202 of the American Legion will be held next Monday evening at 8 o'clock at the post home. A meeting of the post's honor guard will be held Monday, February 14, 8 o'clock, in the post home.

By order of the board of directors all members must produce a 1955 membership card to gain admittance to the club home. Dues may be paid at or mailed to the post home.

The entertainment for the Saturday evening dances for February has also been announced. The Melotone will play Saturday, Al Morrison will play Sunday, The Four Kings February 19, and Allen Shearer on February 26.

Fairfield Lions To Hold Party Feb. 11

The Fairfield Lions Club will hold the last in a series of four card parties on Friday evening, February 11, at 8 o'clock, in the Fairfield High School cafeteria. The proceeds will go to charity. The third in the series was held last Friday. Wilbur Sites is chairman of the committee in charge of arrangements. Other members are: George Weber, B. E. Benner, Joseph Bushey and Dean Lemmon.

HOSPITAL REPORT

Admissions: Mrs. Leon McCray, Warfordsburg, Pa.; Jesse Recard, R. 1; Robert Duncan, 178 E. Middle St.; Mrs. James Burke, Taneytown; Mrs. Lawrence Strickler, Hanover; William Ohler, Emmitsburg; Jacob Minier, Cashtown; Mrs. Calvin Bartholomew, Littlestown R. 1; Barbara Baker, Dillsburg; Richard Logue, Taneytown, and Richard Lee Sell, Westminster.

Discharges: Mrs. Philip Zulick, Littlestown; Mrs. Joseph Lowe, Fairfield R. 2; Mrs. Charles Punt and infant son, Aspers R. 1; Mrs. Raymond Maus, Arendtsville; Mrs. Charles Swope and infant son, Orrtanna; Mrs. Ezra Jarvis and infant son, Hanover R. 5; Mrs. Stanley Thomas and infant son, 303 Baltimore St.

NEW YORK EGGS

NEW YORK (AP) — (USDA) — Wholesale egg prices were steady to firm today. Receipts 20,995. (Wholesale selling prices based on exchange and other volume sales). Nearby: Whites: Top quality (48-50 lbs) 41½-43; mediums 40-41½; smalls 35-36. Browns: Top quality (48-50 lbs) 42-43; mediums 39½-40; smalls 35-36.

Emmitsburg PLAN VARIETY SHOW FEB. 17

The Loyal Group and Youth League of Elias Lutheran Church will sponsor a local talent variety show Thursday evening, February 17, at 7:30 o'clock. Two short plays will be featured, entitled "The Grass Is Always Greener" and "In Behalf of a Calf."

The diversified program will include a folk song skit, impersonations and a square dancing exhibition. The Emmits-Wayne Quartette will provide some music. The public is invited.

Union Lenten Service A schedule of five union Lenten services has been planned by the ministers of the four Emmitsburg churches. The Lenten season will begin at the Lutheran Church on February 23, 7:30 p.m., and the community's union services will begin March 2, with a guest preacher at each church, on different Wednesdays.

The schedule: March 2, Lutheran Church, preacher, Rev. Gideon Galambos of the Presbyterian Church; March 9, Reformed Church, preacher, Rev. Paul McCauley of the Methodist Church; March 16, Methodist Church, preacher, Rev. Philip Bower of the Lutheran Church; March 23, Presbyterian Church, preacher, Rev. Edmund Welker of the Reformed Church; March 30, Lutheran Church, with the preacher to be announced later.

Food Sale The choir of Elias Evangelical Lutheran Church will hold a food sale at the fire hall, Saturday, February 5, at 10 a.m.

The Women's Bible Class of Elias Evangelical Lutheran Church will hold their annual social in parish house, Monday evening, February 7, 7:30 o'clock. Mrs. Hazel Caldwell will show pictures and tell about a "trip to Europe." All members and friends of the church are cordially invited.

The Elias Lutheran Women's Missionary Society will meet at the parish house Tuesday evening, February 15, 7:30 o'clock.

Catechism Class Twelve new members were added to the pastor's catechism class at the Tuesday evening meeting held in the Lutheran parish house. There are 28 boys and girls of the parish now enrolled in the class that meets each Tuesday evening, 7:30 o'clock.

The new members coming into the class this week were: Carol A. Sanchez, Jerry and Leonard Wantz, Nancy, Joan and Richard Smith, Carol A. Messner, Nancy and Shirley Eyer, Etta Bell, John D. White and Judith Ann Wastler. Twenty-four of the 28 members of the class were present Tuesday evening.

This class of Christian instruction conducted by the pastor is for all boys and girls age 12 and over who have not been confirmed. Other members of the class are Kenneth, Reida and Shirley Warner, James A. Houck Jr., Michael Kelly, John Krom, Nancy and Harold Bollinger, Rebecca Stanley, Linda Knox, David Umbel, Frederick L. Kugler, Linda Sawyer, Shirley and Harriet Hahn and Mary O'Leary.

YOUTH WEEK

(Continued from Page 1) Methodist young people, welcomed the group and the Methodist minister, the Rev. Victor K. Meredith Jr., described the program plan for the evening.

After a half hour discussion in two groups, spokesmen made reports to the group in the form of a panel discussion with Chairman Langsam in charge. Question periods followed each report and refreshments were served after the program.

The young people will go roller skating at Littlestown Saturday afternoon. In the evening the Senior High will gather at the Reformed Church for round and square dancing and the Junior Highs at the Presbyterian Church for their party.

Festival Rehearsal Delayed To Monday

The rehearsal of the county Music Festival band and senior chorus, which was scheduled for Gettysburg High School Wednesday evening, was postponed until next Monday evening at Delone High at 7:30 o'clock.

The final rehearsals will take place next Wednesday morning and afternoon at Delone High School where the annual festival of music will be presented at 3 p.m. in the school auditorium.

Guest conductors will appear with the band and senior chorus. Edwood Spriggle, York, formerly of Gettysburg, will direct the band and Clyde Dengler, Upper Darby, the senior chorus.

FACES CODE CHARGE

Max Emerson, Sullivan, Ohio, was sent a ten-day notice by Justice of the Peace Robert P. Snyder, for driving an overweighted truck. Emerson was arrested by state police Monday on Route 34, Cumberland Twp.

DEATH

By THE ASSOCIATED PRESS BRISTOL, England — Sir Paul Dalrymple Butler, 68, retired British diplomat and an expert on the Far East. Died yesterday.

LAKE WORTH, Fla.—Louis Benjamin, 59, retired street circulation manager for the Indianapolis Star. Died yesterday.

Upper Communities

Telephone Mrs. Richard Raffensperger, Biglerville 8

The Sunday School Dept. of the Bender's Lutheran Church, Biglerville, will collect Christmas cards and religious pictures to be sent to Rev. and Mrs. E. C. Wentz, missionaries in Japan. The committee in charge of the project consists of Helen Guise, chairman; Mildred Crist, Selena Roberts, Chloe Cuthall and Doris Cushman. February 13 will be the last day to receive the cards. Anyone having cards to give may contact any member of the committee or bring them to Bender's Church.

Mr. and Mrs. Lawrence Myers celebrated their 49th wedding anniversary recently at their home in Arendtsville. The following children and their families were present: Mr. and Mrs. Donald Myers, Mr. and Mrs. H. Edgar Riegle and sons, Larry and Daniel, Mrs. Walter Null and daughters, Joan and Nancy, Mr. and Mrs. Norton Redding and children, Patricia, Connie, Kathleen, Gregory and Christopher, and Miss Ruth Myers. An additional guest was Edgar Glen.

Mr. and Mrs. J. P. Hollabaugh, Biglerville, returned home Wednesday after spending several days in Chicago in celebration of Mr. Hollabaugh's birthday.

Members of the Ambassador Class of St. Paul's Church, Biglerville, will hold their class meeting Tuesday evening at 8 o'clock in the social room of the church instead of Thursday. Mr. and Mrs. William Harbaugh, Mr. and Mrs. Robert Reiter and Mrs. Raymond Wagner Jr. are in charge of the arrangements.

The congregations of the Wenksville and Bendersville Methodist Churches will be presented a booklet for study as a portion of the Methodist Crusade for World Order this month. The booklet "Pious Shares and Pruning Hooks" contains three chapters. One chapter will be read each week with a message each Sunday on the chapter read and an evening discussion within the week will be held on that chapter. The schedule is as follows: Chapter 1 "World Peace" will be presented Sunday during the church services with a discussion held Friday evening, February 11, at 7:30 o'clock in the Bendersville Church; February 13, Chapter 2, "United Nations" will be delivered for the morning services with a discussion held Friday evening, February 18, at 7:30 o'clock in the Wenksville Church. The final chapter, "Disarmament," will be presented Sunday, February 20, with a discussion group held Thursday evening, February 24, in the Bendersville Church at 7:30 o'clock. Members of the congregations will meet together for the discussion sessions.

Clouser Services Set For Saturday

Last rites for Charles E. Clouser, 75, who resided at the home of his son-in-law and daughter, Mr. and Mrs. Earl P. Wenschhof, Patrick Ave., Littlestown, and who died on Wednesday at 12:20 p.m. at the Wolford Bible Convalescent Home, near Zora, where he had been a patient for three weeks, will be held on Saturday afternoon at 2 o'clock from Little's Funeral Home, Littlestown. The Rev. G. Howard Koons, pastor of Christ Reformed Church, near Littlestown, will officiate. Interment will be made in Christ Church Cemetery. Friends may call at the funeral home Friday evening from 7 to 9 o'clock.

Mr. Clouser, who had been in failing health for a number of years, was a son of the late Benjamin and Ida Keefer Clouser. His wife, the former Cora Palmer, died on January 3, 1955. He was a life-long member of Christ Reformed Church. Surviving are one daughter, Mrs. Earl P. Wenschhof, with whom he resided; and the following brothers and sisters, Milton Clouser, York; Claude Clouser, Hanover; Irvin Clouser, and Mrs. Elizabeth Zepp, York.

Seek Candidates For Scholarships

Committees are being set up in the various school jurisdictions of the county to select candidates for scholarships being offered by the Fund For Advancement of Education of the Ford Foundation, County Superintendent of Schools H. Edgar Riegle said today.

The committees in each district include a school administrator, a classroom teacher, a school board member and at least four lay citizens not employees of the school system.

Those committees will pass on applications from teachers of their districts before forwarding them to the foundation for final decision. Open to junior and senior high school teachers with more than three years experience, the scholarships provide for a year's training and pay not less than \$3,000.

Among the requirements for the scholarship are that the teacher will be better filled for her job by the instruction received and that the teacher will return to her original school system after the year's instruction.

Arthur L. Slaybaugh Is Buried Wednesday

Funeral services were held Wednesday afternoon at 2 o'clock at the Dugan Funeral Home in Bendersville for Arthur L. Slaybaugh, 49, former countian who died Sunday at Pinewood, S. C.

Rev. Laverne Rohrbach, pastor of the United Brethren Church, Biglerville, officiated. The pallbearers were Charles R. Nelson E., and Donald Slaybaugh, Clair Dull, Roy Asper and Ralph Bere. Interment was in the family plot at the Bethlehem United Brethren Cemetery at Centre Mills.

Two Couples Get Marriage Licenses

Marriage licenses have been issued by the clerk of courts to the following couples: Raymond C. Zartman Jr., son of Mr. and Mrs. Raymond C. Zartman Sr., Hanover, and Catherine Ann Weaver, daughter of Mr. and Mrs. John Henry Weaver, Gettysburg R. 5.

Larry Devon Miller, son of Mrs. Wesley O. Miller, Lancaster, and the late Mr. Miller, and Bernice Long Smith, daughter of Clarence E. Long, Lancaster, and the late Mrs. Long.

DEATH

Daniel B. Lease

Daniel B. Lease, 81, East Berlin R. 3, husband of the late Lillie M. Lease, died at 10 a.m. Wednesday at Hanover Hospital.

Surviving the three sons, C. Elmer Lease, East Berlin; John W. Lease, Lease, Dillsburg, and Raymond I. Lease, East Berlin R. 3; three grandchildren, and three brothers, James Lease, Harrisburg; William Lease, York, and Oscar Lease, Shiloh. He was a member of Trinity (Roth's) Reformed Church.

His pastor, the Rev. J. Keller Brantley, will officiate at funeral services at 2 p.m. Friday at the Max G. Anstine Funeral Home, 1701 West Market Street, York. Interment in Trinity (Roth's) Church Cemetery.

Pound Reds

Partridge scheduled an afternoon conference with Chiang.

The Tachen situation seemed to be at stalemate.

Hint U. S. Backed Down

There were indications that if the United States fails to guarantee Matsu and Quemoy, the Nationalists would press for reconsideration of the whole Tachens issue.

The Nationalists, according to sources who should know what is happening behind the scenes, would prefer to make a fight-or-die stand for the Tachens.

The same sources gave the impression that the United States had agreed to assurances about Quemoy and Matsu but then had backed down.

Clouser Services Set For Saturday

Last rites for Charles E. Clouser, 75, who resided at the home of his son-in-law and daughter, Mr. and Mrs. Earl P. Wenschhof, Patrick Ave., Littlestown, and who died on Wednesday at 12:20 p.m. at the Wolford Bible Convalescent Home, near Zora, where he had been a patient for three weeks, will be held on Saturday afternoon at 2 o'clock from Little's Funeral Home, Littlestown. PLAN ANNUAL
CARNIVAL FOR
EARLY AUGUST

Preliminary plans were made for the annual summer carnival held by the Alpha Fire Company No. 1, at the February meeting of the company held on Tuesday evening in the engine house, with 60 members in attendance.

The carnival is held each year during the first full week in August, which will be August 1 through 6. Bernard M. Selby will again serve as chairman of the general committee on arrangements and he will appoint his own assistants. On Tuesday evening, a contract was signed with Russ Amusements of York to provide various rides and concessions. Carnival plans will be furthered at future meetings and announced later.

The meeting, which was conducted by President Burnell R. Keagy, opened with the group singing of "America" and the Lord's Prayer was repeated in unison. Secretary Harry W. Badders gave his report and bills ordered paid amounted to \$59.19. Treasurer Paul E. Altorf reported that receipts for the month were \$122.09. John D. Basehoar was nominated for membership and the president appointed the following nominating committee, Dennis S. Wallick, Glenn E. Unger and John Krichten.

There was a discussion concerning the purchase of chairs for the engine house. The Ladies' Auxiliary to the Company will share in the cost. The committee in charge of investigating the chair costs, composed of Dennis Wallick, Wayne Arnold and Walter C. Myers, had several samples on display and presented a list of prices. The committee was authorized to purchase ten dozen chairs from the company submitting the lowest bid.

Fire Chief Glenn E. Ohler reported one call since the January meeting, a chimney fire with no damage resulting. Truck Foreman Dennis S. Wallick reported that the American LaFrance truck had been taken to Harrisburg to have the wheels in line, and he announced that the truck will need other adjustments in the near future. Mr. Wallick appointed Edward L. Warner and Kenneth W. Olinger to serve as assistant truck foremen. President Keagy appointed Bernard Kebl to replace Philbert D. Jacobs Jr. on the social committee for this quarter.

At the conclusion of the business session, refreshments were served to the group by Charles W. Randall, Kenneth Byler and Bernard Kebl. The refreshments were donated by Herring's Meat Market and Weikert's Bakery.

The next meeting of the company will be held on Tuesday, March 1.

Match On Friday
The Littlestown Fish and Game Association, Inc. will hold a shooting match on Friday evening beginning at 7:30 p.m., at the Fish and Game Farm, Germany Twp., near town. The first prize will be a Remington 22 caliber rifle and other prizes include hams and Woolrich shirts. Twelve gauge guns will be used and shells will be furnished. Refreshments will be on sale in the club house. The event will be held rain or shine. The committee in charge of arrangements for the match is composed of Clyde W. Crouse, chairman, James U. Bowers, Lawrence T. Crouse, Charles H. Pissel, George Schaeffer and Ray Baughman.

The Hustlers' Sunday School Class of Redeemer's Reformed Church will hold a food sale on Friday afternoon, beginning at 4 o'clock, in the vacant storeroom of the POS of A Hall, E. King St.

The weekly Good Will Day's program will be held on Friday evening at 8 o'clock in front of the Littlestown National Bank building, S. Queen St.

Quick and different cranberry relish: Put an orange (unpeeled but seeded) through the food chopper using course blade. Mix with a can of whole cranberry sauce and finely diced preserved ginger. At serving time top with chopped roasted buttered almonds, if desired. (These almonds come in small vacuum-packed cans and are convenient to have on hand.)

"FRIEND OF MINE"

I wish you well, dear friend of mine . . . I wish you all the best . . . and may you have the strength you need . . . to face each toilsome test . . . I pray that you have sunny skies . . . with very little rain . . . I wish throughout the years ahead . . . you detour strife and pain . . . may all your days be blessed with love . . . a kind that will not wend . . . a love to always see you through . . . right on until the end . . . yes, friend of mine, I wish for you . . . all things to make you gay . . . a brand of faith, undying hope . . . that drives out all dismay . . . and when the lamp of life burns low . . . and it is time to leave . . . I hope you gain eternal life . . . where you will never grieve.

Emmitsburg

FRANCIS ELDER
POST MEETING
HELD TUESDAY

The monthly meeting of the Francis X. Elder Post No. 121, American Legion was held Tuesday at the post home with approximately 65 members present. Commander Charles B. Harner presided.

T. Eugene Rodgers, drillmaster of the local Legion drill team, called a meeting for Tuesday, February 15, and all those who are interested in joining the drill team, are asked to be present that night.

Richard Graham and Alfred Cutsall, members of the Francis Scott Key Post, Frederick, were special guests and both spoke on the Heart Fund and urged every member to contribute as much as they could to this fund.

Commander Harner thanked the following committee members for making the Christmas party a success: Robert C. Myers, Andrew T. Shorb, Clarence Shorb, Donald Topper, Louis F. Rosensteel, Curtis D. Topper, William Sanders, Professor Richard McCullough and William Weidner.

Commander Harner appointed Everett C. Chrimer and Professor Richard C. McCullough, co-chairman of the Heart Fund.

One new member was voted in, John N. Barsuck, a student at Mt. St. Mary's College from Chester, Pa. The door prize was won by Theodore Warren. After the meeting adjourned, refreshments were served.

Announce Birth
Mr. and Mrs. Robert L. Motter are the parents of a daughter, Cynthia Lee, born Monday morning at the Frederick Memorial Hospital in Frederick.

Col. Thomas J. Frailey, chairman of the Republican Central Committee of Emmitsburg, has announced that the GOP Club of Frederick County will have the annual Washington birthday dinner at the Hotel Frederick, Frederick, on Tuesday evening, February 22, at 6:30 o'clock. The speaker will be announced later. Tickets may be obtained from Colonel Frailey.

Plan Methodist Dinner
Plans for the covered dish dinner of Trinity Methodist Church to be held on Tuesday evening, February 22, at 6:30 o'clock at the local Fire Hall were completed at the meeting of the Mite Society held at the home of Miss Edythe Nunemaker on Saturday evening.

Following the invocation by Rev. Paul H. McCauley, a devotional service was presented by Mrs. Lewis Bell. Rev. McCauley reported that the repairs scheduled for the parsonage at Thurmont are nearing completion. Mrs. Charles R. Fuss, society president, was in charge of the business session. A quiz program featured the social hour. Delicious refreshments were served by the hostess. Sixteen members were present.

The next meeting of the group will be held at the home of Mr. and Mrs. Charles R. Fuss on March 4.

ADVERTISE IN THE TIMES

Snow Blankets West Broadway Wednesday

TYRONE BANK
BALANCE FALLS
TO \$4,363.53

Tyrone Twp. built 2.2 miles of road during 1954 and saw its bank balance shrink, according to the annual report filed with the clerk of courts.

Tyrone began the year with a \$6,211.24 balance and closed it with \$4,363.53. The income for the year totaled \$15,169.75, while the expenditures added up to \$16,917.96. There were no debts or unpaid bills listed.

Of the \$15,169.75 income, \$4,738.42 came from general revenues. The nine-mill real estate tax yielded \$3,685.04 in current payments and \$715.22 in back payments. The occupations tax brought in \$250.75 from the current year and \$87.41 in back taxes. Taxpayers still owe their township \$1,698.52.

The remainder of the income came almost entirely from the state and the county, with no revenue listed from liquor taxes or fines. The state contributed \$8,279.36, and the county gave Tyrone \$1,871.19.

Expenses For Year
Among the expenses, \$1,078.65 went for general government, while \$14,515.04 went for the maintenance of the township's 36.2 miles of earth roads, half a mile of improved highway, and seven wooden and six concrete bridges. This includes \$7,184.08 for the construction of the 2.2 miles of new road.

The supervisors are: A. H. Starner, Gardner R. 1; James Starry, York Springs R. 2, and Oscar Hinkle, Aspers A. 1, and the secretary-treasurer, J. S. Deatrich, Aspers R. 1. The auditors are Norman Z. Reindecker, Aspers; Robert J. Mansberger and Roy E. Nelson both of Gardner.

DR. S. B. DUNN

(Continued from Page 1)

College in 1941 and served as assistant professor of political science until 1942, when he entered the U. S. Navy. He served as a commander during World War II, returning to Hobart in 1946. In 1950, he was named professor of history and in 1948 received his appointment as dean of the college.

Dr. Dunn is a member of Phi Beta Kappa, the American Historical Association, American Association of University Professors, the Foreign Policy Association, Theta Chi social fraternity and is active as a commander in the U. S. Naval Reserve. He has served on three evaluating committees of the Middle States Association, and last year was named to the Planning Committee of the Conference for Higher Education sponsored by the National Education Association. Active in community affairs, Dr. Dunn is a past president of the Geneva Kiwanis Club and a member of the Board of Directors of the Red Cross and YMCA in Geneva.

Walters Services
Conducted Today

Funeral services for Earl A. Walters, 42, husband of Mrs. Mary Leese Walters, of 35 James Ave., Littlestown, who died very suddenly of a coronary occlusion when he was stricken at his place of employment on Monday at 2:20 p.m., were conducted this afternoon at 1 o'clock from Little's Funeral Home, Littlestown. The Rev. Edgar D. Ziegler, pastor of St. Mark's Lutheran Church, Hanover, officiated. Interment was made in the National

Cemetery, Gettysburg. Serving as pallbearers were Charles Gantz, Richard Schuman, Albert Warner, Arthur Frock, Ezra Lightner and Paul Feiser.

5 Cars Of Gotham
Limited Derailed

SALEM, Ohio (AP)—Five cars of the Pennsylvania Railroads east bound Gotham Limited derailed early today at nearby Leetonia, Ohio. First reports said the cars re-

Mrs. Berkheimer

(Continued from Page 1)
door also were on fire, indicating Mrs. Berkheimer may have tried to escape through that door but found it locked.

The kitchen was afire in two places and there were flames at the stove. A partly filled kerosene can stood a few feet from the stove but was not burning. Caps for that can and for the fuel tank were missing.

Firemen estimated \$250 damage to the property by the fire. The house is owned by Mrs. William Breighner of New Oxford.

Services Saturday
Mrs. Berkheimer was a native of the county and had lived in the New Oxford area all her life. She was a daughter of the late Jacob and Mary (Beecher) Burcher. Her husband, John Berkheimer, died in 1911.

She was a member of the First Lutheran Church at New Oxford. The only survivors are nieces and nephews.

Funeral services Saturday at 10:30 a.m. at the Fred F. Feiser Funeral Home in New Oxford with her pastor, the Rev. Dr. George E. Sheffer, officiating. Interment in the New Oxford Cemetery.

maintained upright after leaving the track and that nobody was hurt. The derailment, the PRR said, occurred 5 miles east of Salem.

The Youngstown Vindicator said the derailment occurred shortly after the train left Salem. The train was running several minutes behind schedule, the newspaper said.

The derailment tore up several hundred feet of track and damaged the upper carriages of the cars. The train was east bound from Chicago to New York.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

TWENTY YEARS AGO

3 Couples Married By Rev. S. W. August: Clarence E. Thompson, 23, and Miss Thelma M. Shultz, 21, both of Cumberland township, and Orville F. Shultz, 21, and Mary E. Harmon, 21, also of Cumberland township, were married Saturday evening by the Rev. Spencer W. August, pastor of St. James Lutheran Church, at the parsonage.
Earlier in the day, the Rev. Mr. August officiated at the wedding of Maurice W. Shindedecker, 21, of Iron Springs and Josephine V. Chronister, 21, of Franklin township.

Robin Makes 1935 Debut: The first red-breasted robin made its 1935 appearance in Adams County today, according to Clarence Eker, of Heidersburg, an employee of the Gettysburg Furniture Company.
Eker reported that a robin was seen scampering over the snow in his yard and that he tossed some food out onto the snow to the bird.

Auxiliary Of Hospital Will Retain Heads: All officers of the Annie M. Warner hospital auxiliary were renominated, Dr. Martha Bailey, of Dillsburg, gave an instructive and interesting address and various committees gave reports at the annual meeting and tea of the organization held Monday afternoon at the nurses' home.

The officers renominated include: Miss Mary Rumer, president; Mrs. S. G. Bigham, Biglerville; Mrs. Harry Boyle, Emmitsburg and Mrs. Howard Stonestuffer, Littlestown, vice presidents; Mrs. Robert Marsh, secretary, and Miss Margaret Myers, treasurer.

"40-8" To Stage "Wreck" And Turkey Feed Tonight: There will be a "wreck" tonight and three individuals will be involved.
The "wreck" will be one of those mysterious "horse-play" acts that the "Forty and Eight" society, side organization of the local American Legion Post, stages every so often. A "wreck" is an initiation of new members.

If weather permits a parade of 40-Bers will be held in Gettysburg. This will be followed by a business meeting and a turkey feed at Hammers' Hall, after which will follow the "wreck," Stanton House, of Aspers; Lawrence Pink, of Littlestown, and H. Eicholtz, of Aspers, will be the men initiated into the local Voiture by the degree team of the Hagers-town Voiture. The local Voiture has a membership of forty-nine.

Local Patrolmen Traveled More Than 3 Times Around Globe During Year Of 1934: Motor patrolmen of the Gettysburg sub-station traveled nearly three and a half times around the world in the performance of their duties in 1934, according to a yearly statistical report today. During the year they traveled 85,404 miles, 76,755 by motorcycles, 7,854 by other vehicles and 795 on foot.

The officers stopped 41,669 pleasure cars, 7,426 trucks and 604 buses and ordered the following among other corrections: brakes, pleasure cars, 354; trucks, 194; buses, 13; lights, pleasure cars, 9,164; trucks, 1,156; buses, 45; taillights and stop-lights, pleasure cars, 2,713; trucks, 1,077; buses, 12. The officers investigated 215 accidents during the year.

County Track-Field Meet To Be Abandoned: Citing six reasons, the Adams County Principal's Association, meeting at the office of Prof. J. Floyd Slaybaugh at the court house Monday evening, voted to discontinue the annual Adams County track and field meet usually held each year on the first Saturday in May.

In deciding to abandon the field meet the principals held that participation was too expensive for many schools, many of the participants are inadequately trained because of lack of facilities for such training, most schools do not have track and field coaches, track training conflicts with baseball schedules, schools have too many activities and "the annual cost is \$100 and the principals feel this money could be spent in some better way."

Grover Myers Project Head For FHA here: Grover C. Myers, of Gardners, will assume the position of project head for the Gettysburg

Today's Talk

HATS
I wonder who wore the first hat—and why? Perhaps it was first only a decoration, or a covering to protect the top story on the head. At any rate, hats have been worn for ages by both men and women. As for the latter, millions have been made out of catering to the wants and fancies of women as to their head-gear.

Hats have really played an important role in life. General MacArthur's familiar military cap with its 5 stars became a trade-mark of the man. Dr. George Washington Carver wore an old battered hat that he loved because of its association and companionship. One day some of the students at Tuskegee Institute tried to play a trick on Dr. Carver just before an important engagement, but he refused to budge until his old hat was returned. It was.

I read in my newspaper today of a man in Jacksonville, Illinois, who has been wearing a black beaver hat for 82 years and he remarked it was "as good as new!" He bought it in 1872, thus it has been in the family for four generations. That speaks well for the makers of hats generations ago. I had a beaver hat a few years back that cost me more than any hat I ever owned—but some one stole it!

There is a strange intimacy about a hat. And it serves a good purpose later in life when upper protection is so welcomed. It took me a long time to fall for the habit of rarely wearing a hat, excepting in very cold weather, but I welcomed it largely because I was forever losing my hat.

At my Nova Scotia summer retreat I have a large assortment of hats. One, which many have insisted is disgraceful, I love most of all! It had been better days, yet no day was unhappy with the intimate companion upon my head. We animate and personalize many material things. They keep us human and friendly. My hat's off to all hats, and may the wearer of each live long and prosper!

Tomorrow Mr. Adams will talk on the subject: "Art Of Living"
Protected, 1955, George Matthews Adams Service

Just Folks

THE SHORT CUT

To good advice I'll lend an ear
And try to follow it I will
The doctor's name I'll gladly hear
Who has a cure for every ill.
The flowers you like I'll try to grow.
I'll even fish your favorite lake,
But this I want you now to know:
Your short cut home I will not take.

I'll try whatever you suggest.
Your helpful hints at times I need.
I know you mean them for the best.
The book you've read I'll also read.
Your counsel usually is right,
But this mistake no more I'll make:
Henceforth, good friend, by day or night,
Your short cut home I will not take.

Though by a longer way I came,
Don't shake your wise, old
read at me
Or tell me that it seems a shame
My journey had so long to be.
Don't tell me how I ought to go.
The roads I know I won't forsake.
Too often I've been lost; and so
Your short cut home I will not take.

and Adams County Federal Housing program Monday, it was announced today.

Ten Students Are Honored: Initiating a "tapping" ceremony into its program of induction, the Pen and Sword, honorary activity society of Gettysburg College, Friday night honored ten students at the Junior Prom held in the Eddie Plank Memorial gymnasium.

Among those honored were: Edward B. Buleit, and J. William McIlhenny, Gettysburg; W. Ramsey Jones, Littlestown, and Edward J. Nowicki, Long Island, N. Y.

Recent school physical examinations in Pennsylvania showed that about 40 per cent of the children had defects or ailments which could and should have remedial care compared to 54 per cent in 1945.

GOP QUESTION SINCERITY OF GEORGE LEADER

HARRISBURG (AP)—The Democratic administration today pondered a Republican statement questioning the "sincerity" of Gov. George M. Leader's reorganization plan.

Miles Horst, Republican state chairman, said yesterday that "if the governor really means to reduce the number of boards and commissions, why is he in such a hurry to appoint deserving Democrats to these agencies?"

The House-passed reorganization bill, now in Senate hands, would give Leader sweeping powers to reorganize the executive department but with the legislature retaining veto power on any specific plan.

Horst referred to an ultimatum delivered to six Republican holdovers on various state agencies who have until Saturday to resign or be fired. They include Chairman Frederick T. Gelder of the Liquor Control Board.

Not Confirmed
Leader has made Democratic appointments to the post but Senate Republicans so far have refused to confirm them, saying to do so would mean the firing of GOP holdovers.

Horst said in his statement: "Everybody knows that the days of the Republican incumbents are numbered and, in good time, the Senate will complete its study of the qualifications of new appointees."

"There is no reason why these jobs should not be filled in an orderly and legal way, without the Senate being pressured into unwelcome decisions."

Lt. Gov. Roy E. Furman said last night the reorganization measure will likely be referred to the Senate State Government Committee headed by G. Graybill Diehm (R-Lancaster) who has already predicted that the legislation will not pass in this session.

Furman explained that actual

referral of the measure will not take place until Monday when the Senate resumes activity but that the bill will probably go to Diehm's committee.

Meanwhile, in another development, Rep. Albert S. Readinger, House Democratic leader, said last night the Legislature will not recess while awaiting the presentation of Leader's new tax program.

The governor had previously planned a legislative recess until the tax plan is developed to raise up to a half billion dollars in the next biennium to balance the commonwealth's budget.

"There's no question that we'll work right through," he said. "The administration's legislative program will shortly be ready for action by both houses."

Readinger said the governor's budget message will likely come through about mid-March, which would coincide with Leader's estimate as to when the new tax program will be ready.

New Oxford

NEW OXFORD — The recently formed Concord Chapter No. 532 Order of Eastern Star, will hold a public card party February 22 beginning at 8 o'clock in the clubhouse of the local Social Club.

A 2c Raymond D. Aldridge, son of Mr. and Mrs. J. C. Aldridge, near Cross Keys, has completed his tour of duty in the Far East and has left Korea for an assignment at the Patrick Air Force Base in Florida. The young man spent a year in the purchasing and contracting office at Seoul City Air Force Base while in Korea.

Leon and Merle Smith, local barbers, were among a group who recently spent a day at the Paradise Agricultural School to trim the hair of more than 90 young residents.

Mrs. Raymond M. Lillich, Abbotstown, has returned from Hanover Hospital where she had been a patient.

This week marks the February services at the Immaculate Conception Catholic Church for First Friday, February 4, and First Saturday in honor of Our Lady of Fatima, February 5. First Friday Mass is at 7:30 a.m. with parochial school children receiving Holy Communion

France May Pay For Grape Vine Uprooting

PARIS (AP)—Premier Pierre Mendes-France's government is planning to pay up to \$228.57 an acre to farmers willing to tear up low grade grape vines.

The idea is to improve the quality of French wine, and get the sub-marginal farmers producing crops more important to the country.

One of the substitute crops favored is rice.

Mendes-France is also campaigning against excessive drinking, which is encouraged by the availability of cheap low-quality wine. Tearing up the bad vines will tend to raise both the quality and price of wine on the market, and reduce the quantity.

MINNEAPOLIS — Augustus L. Searle, 91, for many years a leading figure in the grain business in the United States and Canada. Born in Lyons, N. Y. Died Tuesday.

MOSCOW (AP) — Accusing the United States of a "criminal aggressive policy directed toward aggravation of tension in the Far East," Pravda has called the U.S. congressional resolution authorizing President Eisenhower to use armed force in guarding Formosa "a rude premeditated provocation."

in a body and those present remaining for special prayers afterward. First Saturday Mass is scheduled for 8 a.m.

The Men's Brotherhood of St. Paul's Reformed Church will hold a public dinner Saturday, February 12, at the church property.

PAIN IS EASED AFTER VISITING POW RELATIVES

LEWISBURG, PA. (AP)—It doesn't hurt quite as much now when Mrs. Hurley Baumer thinks about her son being held a prisoner in Red China.

"I spent two days with the mothers and other relatives of American airmen being held in China with my son and somehow I found added strength from the visit, Mrs. Baumer told a newsman.

The central Pennsylvania woman is the mother of Maj. William Baumer, one of 11 American airmen sentenced to prison by a Communist Chinese military tribunal.

Last weekend Mrs. Baumer went to St. Petersburg, Fla., where she met with relatives of the other 10 airmen held in the Far East.

Talked About Sons
"We talked about our boys and what could be in store for them now," she said, adding:

"Talking like that to people you know are sharing the same type of sorrow as yours does a lot to perk you up."

"The trip helped to ease my mind" but it by no means took away all the hurt I feel when I

Released thru UNITED ARTISTS

think of William over there in prison," she said.

Mrs. Baumer and the relatives of the other airmen made the journey to St. Petersburg at the expense of a group of the city's businessmen. She made the trip by airplane.

"We gabbed and gabbed on into the night about our boys and mullied over our ideas on what the next move will be by our country and the Reds," she explained.

Lost Fingers, Toes
Two weeks ago Mrs. Baumer learned in a health report issued by the Reds through the United Nations that her son had lost several fingers and toes while held captive.

There was no explanation of how the fingers and toes were removed. "None of the other boys seemed to have suffered any losses such as William did, at least if they did their relatives don't know about it," she noted.

"Down in Florida we all agreed on one thing best to do for our boys . . . pray and hope," she added.

The 32-year-old Union County airman was shot down while flying in an American aircraft during the Korean War.

ALBANY, N. Y. (AP) — Gov. Averell Harriman Tuesday sent a record-smashing \$1,345,200,000 budget to the Legislature and demanded tax increases totaling 124 million dollars.

He called for an 11 per cent increase in the state tax on personal incomes, 2 cents a gallon more in the tax on gasoline and 3 cents on diesel fuel, 33 1-3 per cent on unincorporated business earnings and 9 per cent on corporation profits.

PRINCESS RESTS AT PORT OF SPAIN

PORT OF SPAIN, Trinidad (AP)—Princess Margaret rested Wednesday in breeze-swept Government House, gathering strength for her rigorous tour of Trinidad and nine other British islands of the new world.

Government authorities said they were "overwhelmed" by the public turnout which welcomed the radiant 24-year-old princess when the royal airliner Canopus landed her Tuesday afternoon at sunny Port of Spain to start her month-long good will visit.

Officials estimated 40,000 to 50,000 people jammed the roadways and city streets to cheer and wave Union Jacks as the smiling princess drove by on her way to the home of the British governor, Sir Hubert Rance.

Taneytown

The Young People of Taneytown Emmanuel (Baust) Evangelical and Reformed Church will have charge of the morning services Sunday.

The Aid Society of Emmanuel (Baust) Evangelical and Reformed Church, Taneytown, will hold a covered dish supper Tuesday evening. Rev. John Sommerlatte, Cleveland, will address the group on "Visitation Evangelism."

Bullets 91-69 Victims Of Dazzling Quantico Squad; At Muhlenberg Saturday

A tall, talented and very impressive basketball squad representing the Quantico Marines lived up to expectations here Wednesday evening by thoroughly outclassing the Gettysburg College Bullets 91-69.

Loaded with a group of former college aces, the Leathernecks led the entire way by a safe margin. The victory was the 26th in 30 games this season for the classy Marines.

Thirteen of the 19 participants for the invaders broke into the scoring column. All were excellent shots.

The starting aggregation was composed of Ron Perry, formerly of Holy Cross; Marv Decker, Duke; Dick Guerin, Iona; Dan Lecos, DePaul, and Ted Henderson, Southern Missouri State. That outfit gave the fans a real treat to some excellent shooting, floor work and speed. They averaged nearly 6-4 in height which made it practically impossible for the Bullets to block their shots or do much under the boards on rebounding.

Bingham Impressive
Coach Jim Tuma of the Marines used his regulars for only a little more than the first period which ended 28-14. One of the newcomers was "Jim" Bingham, a 6-6 lad from Eastern Kentucky. He turned in a particularly brilliant all-around performance and was deadly on his shots from all angles.

At half time the Leathernecks had a fool-proof 56-27 edge.

The Bullets were quick to take advantage of third and fourth stringers in action for the visitors in the third period and outscored their opponents 26-15 during that round. Eddie Ferren sparking the drive with several sensational shots.

Bill Snyder took the scoring honors for the Bullets with 18 and Ferren and Art Hendley each contributed 12.

Bingham wound up with 19 for the Marines while Dan Lecos finished with 16.

The Bullets will resume their collegiate competition Saturday evening when they meet Muhlenberg at Allentown.

GUARD QUILTS AT KENTUCKY

LEXINGTON, Ky. (AP)—Linville Puckett, quit the University of Kentucky and its basketball team yesterday after blasting what he called its "life or death" attitude on the sport.

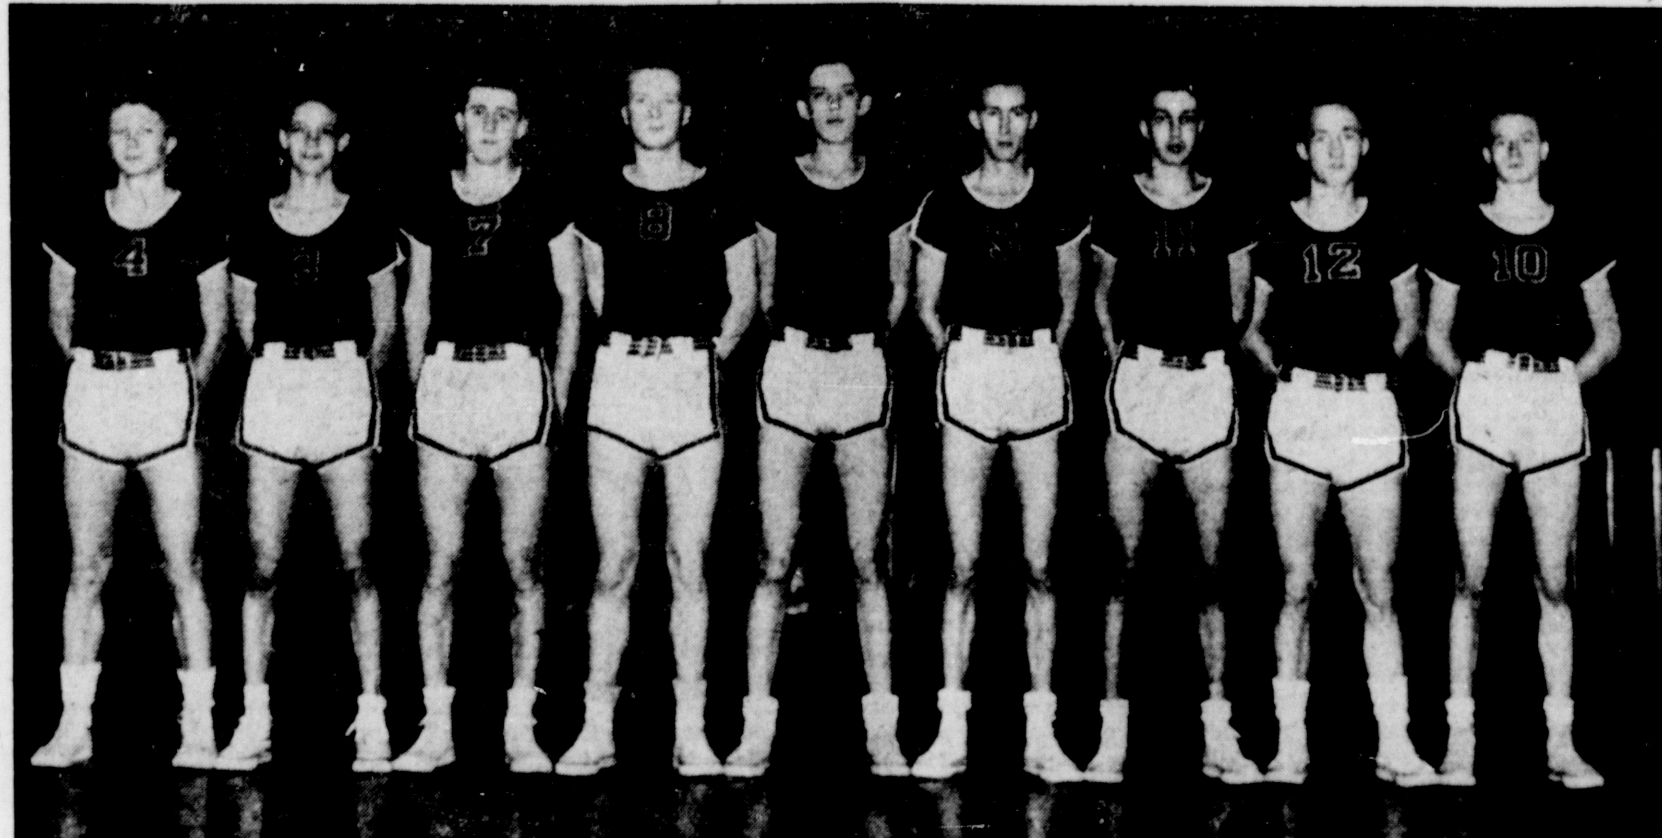

Just before the 6-foot junior guard from Winchester, Ky., issued his announcement, the university released a statement in which coach Adolph Rupp hinted at violation of training rules.

There have been reports of dissension within the squad for some time and the sports world was shocked recently when Kentucky, the nation's top-ranking team, was beaten twice by lowly-ranked Georgia Tech.

Puckett said he was leaving because he felt basketball had become over-emphasized at Kentucky.

"It isn't regarded as a game but as a matter of life or death with resemblance of ones going to war," Puckett said.

Second-Place New Oxford Of County League

Poising the main threat to Bolling Springs, defending Adams County Basketball League champions, is the above New Oxford High School basketball squad. Second-place New Oxford trails the league-leading Bubblyers by two games with a 7-2 league record. Friday evening the Colonials, coached by Russ Sohnielner, will seek their fourth straight victory at Neville. For the entire campaign New Oxford has an enviable 11-4 mark.

Appearing on the picture are, left to right, Donald Wiseman, Jan Sponseller, William Little, George Spangler, Norman Humbert, James Haverstick, Charles Sherman, Welby Snyder and Lynn Dickenson. Spangler, Humbert and Haverstick are seniors.

(Photo by Edmund's Studio, Hanover)

ALLENTOWN HI GUNS FOR 13TH LEAGUE TITLE

HARRISBURG (AP)—Allentown High, coasting along on a 14-1 basketball season log, appears headed for its 13th Eastern Pennsylvania League title and a crack at winning their 6th state title.

First half champions of the East Penn on the basis of their 5-0 string in circuit competition, Allentown has had little trouble getting by the other five teams in the conference.

The Canaries' only loss this year was a squeaker to 1954 state runner-up Chester, 65-64. Chester also is riding high in Dist. 1 again.

Against Dist. 3 competition Tuesday, the Canaries downed Reading 46-39.

League winners in 1954, Allentown dropped the Dist. 11 crown to Slatington. This year the Slators have run into a powerful Palmerton quintet which is favored in the Lehigh Valley League by virtue of its 18-0 season record.

District Contender
Indications are Allentown and Palmerton will fight it out for Dist. 11 honors.

Allentown and Palmerton have beaten Slatington this year. The Canaries topped the Slators, 77-57, while the Blue Bombers beat Slatington, 66-47.

Winners of the North Schuylkill and Black Diamond, winning the first half crown, while Mahanoy Twp. leads the North Schuylkill.

Meanwhile, Chester added another notch to its season record, dropping Lower Merion, 62-44, in a Sect. 1 clash of the Southeastern District.

Season record for the Clippers is 14-1; its only defeat, a 35-30 loss to West Philadelphia.

Second half competition opens tomorrow in Dist. 2 with first half champion Nanticoke of the Wyoming Valley League meeting Wilkes-Barre G.A.R. and Old Forge of the Lackawanna League taking on Scranton Central.

In the South Penn League, Dist. 3 fans look for a tight second half race as teams try to knock Chambersburg from its firm grip on league and district crowns.

Chambersburg easily engulfed Waynesboro, 85-72, Tuesday in the initial game of the second round. By the same token, Shippensburg is not expected to give the first half champions any trouble tomorrow. The league race at present is building toward the Carlisle-Chambersburg clash next Tuesday.

Sunbury Rides High
In Dist. 4, Sunbury of the Susquehanna League continues to ride high and is boomed as a likely contender to take the district crown, replacing fallen Williamsport.

The Owls easily crushed South Williamsport, 67-44, Tuesday for their 11th straight league win against no defeats. Sunbury meets Trevorton tomorrow night in a league tilt.

A possible upset in Dist. 6 comes up tomorrow when powerful Johnstown runs into spilling Ebensburg in a Tri-County League scrap.

Ebensburg earlier lost to Johnstown, 83-51, and has only a mediocre record for the season, but has the team potential to hand Johnstown its first league loss.

The Johnstowners have a 14-2 season record including a 67-42 win Tuesday over Conemaugh Twp.

YOUNG STAGG QUILTS COACHING

SELINGROVE, Pa. (AP)—Amos Alonzo Stagg Jr., son of the nationally famous football coach, has resigned his active coaching career at Susquehanna University to devote full time to the schools physical education program.

Dr. C. Morris Smith, president of the university, disclosed the 55-year-old Stagg's resignation yesterday.

Stagg Jr. has coached Susquehanna football teams since 1935, and for six years beginning in 1947 was aided by his father as co-coach.

The elder Stagg, dean of the American coaching fraternity at 92, now resides in Stockton, Calif. He retired from active coaching at Susquehanna two years ago.

Have No Successor
Stagg Jr. will devote his time to development of the intramural and physical education programs at the central Pennsylvania coed school of 450 students.

The school said that no one is presently under consideration for the coaching job.

The younger Stagg coached Susquehanna to its first undefeated and untied season three years ago but the school has not won a game since. His retirement was voluntary, Dr. Smith said.

During the time father and son directed Susquehanna football, Stagg Sr. devised and coached offense while the son specialized in defense.

Before coming to Susquehanna, the younger Stagg coached teams at the University of Chicago under his father.

153 GOLFERS IN PHOENIX OPENER

PHOENIX, Ariz. (AP)—A bulky field of 153 golfers fire the opening round today in the \$15,000 Phoenix Open Tournament with the weather as big a factor as any of them.

A couple days ago with warm, sunny skies, the golfers burned up the Arizona Country Club course. Then yesterday a chill wind blew out the first and the hottest round was John Barnums 3-under-par 67 in the pro-amateur preliminary.

More wind was forecast today. The temperatures in the mid 50s also bothered Ed Furgol, who won this event and the United States Open in 1954 despite a crippled left arm. Furgol has been nursing ailments in his right arm this winter, but said before going on the course that it felt better. He admitted after a 72 that the arm still was giving him trouble.

Only eight of the approximately 100 professionals taking part in yesterday's play posted scores under par for the 6,684-yard course.

Johnny Palmer, of Charlotte, N. C., declared that if winds persisted he'd be happy to post a final score of 275. Johnny thrilled the onlookers, and himself, with a hole in one on the 130-yard 15th hole of the pro-am. It was, he says, the first ace of his 23-year career.

Names Successor To Admiral Boone
WASHINGTON (AP)—Dr. William S. Middleton, 65, dean of the University of Wisconsin Medical School, will become chief medical director of the Veterans Administration March 1 succeeding Vice Adm. Joel T. Boone.

Administrator Harvey V. Higley announced Middleton's appointment yesterday and said Adm. Boone chose to retire because of his health when his four-year term expires Feb. 28. He also is 65.

Middleton, named to a four-year term at \$16,800 a year, is now a member of the National VA Medical Advisory Committee on Education and has served in various consulting capacities to the VA since 1922.

Future Stars

(This is the first of six stories on Future Stars from the International League. It was written especially for AP Newsfeatures.)

By SKEETER NEWSOME
Manager Syracuse Chiefs

COLUMBUS, Ga. — Jim Owens, John Meyer and Lynn Lovenguth should make very fine major league pitchers.

They are the big reasons we went as far as we did in the Shaughnessy playoffs. (The Chiefs won the playoffs.)

Owens and Meyer both had very fine seasons with a weak hitting club behind them.

Owens, a big rugged boy, is a great competitor and will pitch any time he is needed. He is a fine man to start and good to use in relief in tough spots. The boy has one of the best curves in the game and a good fast ball.

I think he has a wonderful chance to pitch winning ball for the Phillies in 1955. With a little better control and a better change of pace he just can't miss.

Impressive Record
Owens compiled a 17-9 record for the Chiefs and led the league with a 2.87 earned run record despite 126 walks in 224 innings. He led in walks but with 147 strikeouts he was second in that department. He was fifth in complete games with 14 and tied for the most shutouts with five. He started 31 games.

Meyer does not have the great curve like Owens but is quite a bit faster. His curve improved near the end of the campaign and I am sure he will have a good one in the near future. Meyer led the league in strikeouts with 173 in 209 innings. It has hurt him in a way because he tried to fan everyone and does not pace himself as he should. Once he learns to use his fine arm and head simultaneously he should win in any league. If Jack could gain a little more weight it would help him. He had a 15-11 record at Syracuse.

Lovenguth was a fine relief pitcher for me, turning in an 8-6 mark while working 130 innings in 59 games. His best pitch is a palm ball. It is one of the best I have ever seen. He also has a good curve and a fine fast ball. He has fine control and just loves to pitch in the tough spots. I wouldn't be surprised to see him make a good relief man for the Phillies.

OVERTIME LOSS FOR TANEYTOWN

The Taneytown High School Tigers slipped into third place in the Carroll County League Tuesday evening by defeating New Windsor 58-56 in an overtime game at Taneytown. The Tigers and the New Windsor fads had been tied with a 3-4 record for third place.

Jack Nevius, Tigers forward, was high scorer with 32 points. Ed Neusbaum with 18 led New Windsor to victory.

At the end of the four quarters the score was tied 49-49. With Neusbaum and Larry Feaser sparking the attack, the Tigers netted four field goals and one foul to clinch the game in the last three minutes.

The league-leading New Windsor Reserve boys defeated the Taneytown reserves 29-20 in the preliminary game. New Windsor has an 8-0 record to remain in first place while the Taneytown Reserves are in second place with a 5-3 record.

On Friday evening Taneytown entertained Sykesville.

BULLET FROSH LOSE AT YORK

The Gettysburg College freshmen weakened in the last period to drop an 84-74 decision to the strong York Junior College cagers Wednesday evening at York.

Throughout the first three periods it was anybody's game as the teams battled on even terms. York, winning its seventh straight victory, held a scant 59-58 lead going into the final period.

George Halbleib was the top point gatherer for the Bullets with 18 points and Frank Capitani and Barclay Sell added 16 and 14 respectively. Tony Arcuri again paced the winners with 30 tallies and Rog Goodling contributed 21.

Coach Johnny Yovicsin's yearlings, now 1-3 for the season, meet Stevens Trade School at Lancaster, Friday.

Only two players have been able to win the NCAA tennis singles title three times. Malcolm G. Chance won in 1893, 1894 and 1895. Pancho Segura won the championships in 1943, 1944 and 1945.

Allie Reynolds Announces His Decision To Retire; Back Injury

6-INCH SOLES FAIL TO WIN FOR L.A. STATE

By ED WILKS

The Associated Press
There was something new, something old and something blue in college basketball last night.

What Los Angeles State tried (unsuccessfully) against Utah — elevator shoes — was new. So was the game between Boston College and Tufts at Boston Garden. It was played under professional rules.

What Hank Iba's Oklahoma Aggies did to St. Louis' Billikens at Gallagher Hall in Billwater, Okla., was old. The Aggies won, 67-54. And Eddie Hickey, bossman of the Bills, was blue. He hasn't won at Stillwater since 1943.

Six-Inch Soles
Coach Sax Elliott sent his Los Angeles State lads against the taller Utes with a boost in their boots. Glenn Abney, for instance, showed up with six-inch soles that nudged him above the seven-foot mark.

But Utah, ranked fifth in this week's Associated Press poll, rose to the occasion and whacked the Diablos 77-38 for their 15th success in 17 games.

Boston College upset Tufts 63-54 in the pro go at Boston. Both teams got a little rattled in the first half rying to avoid the 24-second violation (the pros have to take a shot within that time limit after gaining possession), but they calmed down in the second 20 minutes.

Fastest Ever
Only clear-cut decision after the experiment: Garden officials said the game, paired with a St. Anselm-Bridgeport game played under orthodox college rules, made it the fastest college double-header ever played in the arena. St. Anselm's whipped Bridgeport 81-56.

Only two other ranked teams were at work, and both won easily against lesser competition. La Salle No. 3, rocked Georgetown 85-58, with All America Tom Gola hitting 12 of 17 field goal shots for a 34-point total. Duquesne, No. 4, ran over Westminster (Pa.) 70-56.

Texas Christian and Texas A&M also had something "new" — four Southwest Conference free throw records as TCU strengthened its league lead 90-62. The records came about when Dick O'Neal of TCU sank 22 foul shots, the two teams staged 102 free throw attempts and made 70 and TCU bagged 40 of them.

Furman Held To 60
Wake Forest beat Virginia 96-90 in the Atlantic Coast Conference despite 32 points by Buzz Wilkinson. No. 3 scorer in the nation, Columbia stayed close to the Ivy League's co-leaders, Penn and Cornell, as 5-9 Chet Forte scored 34 points in a 79-51 victory over Brown.

In the Southern Conference, Furman — the nation's team scoring leader — was held to a mere 60-58 victory over Virginia Tech, the lowest Furman total since the 1951-52 season.

Tight Race For Calder Cup; 4 ARE IN RUNNING
Only three points separated the second, third and fourth place teams today in the tight battle for the Calder Cup playoffs in the American Hockey League.

Springfield, Hershey, Buffalo and Cleveland, all in the running for the playoffs, saw action last night. The Barons won their fourth straight defeating the Indians 7-3 and the Bisons downed the Providence Reds 5-3 to remain in a fourth place deadlock with 43 points apiece.

The Bears moved within two points of second place by trouncing the league-leading Pittsburgh Hornets 6-3. Springfield has 46 points and Hershey 44. The Hornets continued to lead the league with 52.

The Barons took a 2-0 lead in the first period and opened up a 5-1 gap in the second. Freddy Glover, the league's leading scorer, got one goal and teammate Eddie Olson added a goal and an assist.

Gordon Hannigan scored in the first period for the Hornets but two quick goals by Stan Parker gave the Bears the lead. In the second and third periods the Bears scored a pair of goals each.

Ed Slowinski scored a pair of third period goals to lead the Bisons to their third straight victory.

OKLAHOMA CITY (AP)—Allie Reynolds, 37, says he has pitched his last major league baseball game. The decision to retire after 12 years in the big time comes as a result of a back injury and his doctor's advice.

In eight years with the New York Yankees, the big right-hander established himself as one of baseball's all-time pitching greats. His lifetime record is 184 victories and 104 defeats. Reynolds, always the "money" hurler, won seven World Series games for the Yanks and dropped only two.

In 1953, he suffered a severe back injury when the Yankee bus crashed into an overpass in Philadelphia. He was out of action for six weeks and the injury has been bothersome ever since.

Warned By Doctor
His doctor recently warned him against aggravating the injury and said major surgery might be required if his career continued. That's when Reynolds decided to quit. He announced his retirement last night.

"Some may think you approach something like this with a detached attitude," he commented. "But when you get around to it, the old, close ties are awfully hard to cut. From a standpoint of years I had lots of good pitching left. There's nothing wrong with the arm. I can throw as hard as ever."

Hard To Replace
"But you look at it a lot of different ways. I can't risk permanent injury at my age. I never had any intention of keeping on as anything less than a whole ballplayer and certainly I'd never do anything to hurt the Yankee's chances."

In Glendale, Calif., Casey Stengel, Yankee manager, didn't know that Reynolds was quitting. "If it's true I can only say he'll be mighty hard to replace," he said.

In 1951, the Super Chief — so-called because of his blazing fast ball and his Indian heritage — hurled two no-hitters, against the Cleveland Indians and the Boston Red Sox.

TWO WRESTLING TEAMS REMAIN UNDEFEATED
STATE COLLEGE, Pa. (AP)—With district competition just a month away, Phillipsburg and Indiana High School wrestling teams are the only two still unbeaten in powerful Dist. 6.

Phillipsburg, long recognized as a power in the area, demonstrated its right to the favorite's role in the tournaments by turning back its strongest challenger last week at Tyrone.

The Mountaineers beat previously undefeated Tyrone, 29-9, although 103-pounder Jim Delbaggio upset Phil Boek.

Boek, who copped the PIAA 95-pound crown in 1953 and was beaten in the 103-pound state finals last year, had a string of 24 straight dual meet wins and had been defeated only once in 39 outings over the last three years.

Defeated Cresson
Indiana won its fifth straight meet by defeating Cresson, to remain the only other district team with a spotless record. Five Indiana wrestlers still show all-winning cards, headed by defending regional champion Ed Cunningham at 112 pounds.

The rapidly-dwindling slate of perfect-record district wrestlers: 95-pound—Varr; Bald Eagle-Nittany, 10-0; Paul Powell, Lock Haven, 6-0; Williams, Phillipsburg, 3-0, and Myers, Phillipsburg, 3-0.

103-pounds—Wentzel, Bald Eagle-Nittany, 10-0; Bill McCreary, Indiana, 4-0; and Delbaggio, Tyrone, 7-0.

112-pounds—Beck, Hollidaysburg, 3-0-1; Cunningham, Indiana, 4-0-1, and Hubler, Phillipsburg, 3-0.

120-pounds—Pierce, Indiana, 5-0; Condo, Lock Haven, 6-0; and Gill, Tyrone, 5-0-2.

133-Pounders
133-pounds—Musullo, Bellefonte, 6-0, and Hoch, Indiana, 5-0.

138-pounds—Finkenbenger, McVeytown, 6-0.

154-pounds — Kasubick, Phillipsburg, 7-0, and Clark, Logansport, 2-0-2.

165-pounds — Winfree, Captain Jack, 6-0, and McDonald, Blairsville, 2-0.

185-pounds—Dills, Blairsville, 7-0; Amino, Indiana, 5-0, and Byers, Phillipsburg, 7-0.

The 1955 American Bowling Congress tournament at Fort Wayne (March 26 - June 4) is the first ABC tourney for Indiana since the 1936 event at Indianapolis.

Bill Evans, captain of the Kentucky basketball team, is one of two married men on the squad.

SANTEE WILL RACE IN MARCH IN MEXICO CITY

NEW YORK (AP)—Wes Santee wants to make a "hit and run" affair of his 1,500-meter race in the Pan-American Games at Mexico City next month.

"If I'm chosen for the American team—and I'll be shocked if I'm not—I'll ask to be allowed to fly down the night before the trials and again the night before the main race and then get right out again," the Kansas miler said.

"Because of the altitude—it's around 7,500 feet above sea level, I think—I wouldn't want to do any preliminary training here."

Won't Double Up

America's premier miler, whose time of 3:42.8 was certified this week as the world record for the 1,500 meters, is in New York to continue his assault on the indoor mile mark. He set the record with 4:03.8 last Saturday in Boston and will try to lower it in the Millrose Games Saturday at Madison Square Garden.

"Olympic officials have asked me about the prospect of doubling up in Mexico," he said. "I told them no. I said I would run only in the 1,500 meters."

His Plans Made

Santee, who has done a 4:00.6 mile outdoors and predicts he'll lower the present mark of 3:58 held by John Landy, said in order to make his best showing at Mexico City he wanted to arrange a schedule so he'd be there just for the day of the race.

"The games start March 12 and the 1,500-meter trials are Thursday, Feb. 17. I plan to run in Milwaukee March 12, fly to someplace in Texas on Sunday and stay there until Wednesday night when I'll go to Mexico City.

"Then after the trials I'd like to go someplace like Acapulco, which is sea level and about an hour away and wait until the final race Saturday."

SOVIETS RAISE DEFENSE BUDGET BY 12 PER CENT

MOSCOW (AP)—The Soviet government announced today a 1955 defense budget about 12 per cent higher than last year's.

The budget, presented to the Supreme Soviet (Parliament), called for defense expenditures of 112 billion rubles. The increase was about 12 billion rubles.

The ruble is quoted officially at four to the dollar.

Explaining the defense appropriation, Finance Minister Arseny G. Zverev told a meeting of the two houses of the Supreme Soviet in the great Kremlin Palace:

"Strengthen . . . Peace"

"Our main task in the sphere of international relations is strengthening the cause of peace. But nothing has happened in the international situation which would give us the opportunity to reduce our defensive capacity. That is why we have to spend so much to promote the further strengthening of our military forces."

(The Soviet defense budget amounts to \$28,025,000,000 at the official exchange rate. President Eisenhower has called for a 34-billion-dollar spending program for the U.S. armed forces in the fiscal year starting next July.

Experts in Soviet affairs say government price fixing policies coupled with government control of industry would permit Russia to build up its armed forces inside whatever over-all defense budget figure is announced. Such items

Happy Is The Day When Backache Goes Away . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's gives happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

as education, social welfare, physical culture probably cover defense functions. Some U.S. experts have estimated that at least half the Russian budget goes directly into military expenditure.)

Applauded Expense

Delegates broke into applause when the military figure was announced. It was part of a total budget for 1955 of 589½ billion rubles. Last year's over-all total was 563 billion rubles.

Western diplomats said it is difficult to assess the exact proportion of the Soviet national income going into defense since the regime owns all the means of production and many items charged off to the military in the West are not so charged here.

Government leaders sat in a box behind the finance minister as he spoke in the glare of television lights. In the first row were Lazar Kaganovich, first deputy chairman of the U.S.S.R. Council of Ministers; Marshal Nikolai Bulganin, defense minister; Communist party Gen. Sec. Nikita Khrushchev; Premier Georgi Malenkov; and chairman of the Presidium of the U.S.S.R. Supreme Soviet, Klementy Voroshilov.

Molotov On End

V. M. Molotov, foreign minister, occupied the end position in the second row with other members of the government sitting alongside him. Khrushchev carried on animated conversation with others in the front row during the speech.

The military share of the budget was about 20 per cent of the total estimated expenditures for 1955, as compared with 17.8 last year.

In 1896 Guglielmo Marconi sent a wireless message two miles across Salisbury Plain in southern England. This was the first actual use of wireless communication.

OHIO COUNTY IS FORCED TO TAKE FEDERAL HELP

COLUMBUS, Ohio (AP)—Rebellious Harrison County, struggling four years to stay free of federal aid, has lost its fight.

The Ohio Supreme Court yesterday ruled the county must participate in a federal aid program for Ohio's totally and permanently disabled.

Harrison County's flat refusal of the money threatened to cost Ohio three million dollars a year in U.S. grants. Of the state's 88 counties, Harrison County alone remained aloof.

To officials of the coal-mining county one thing was clear—they demanded the privilege of taking care of their own. Harrison, with some 19,000 residents, is located in eastern Ohio.

County commissioners said they neither needed nor wanted the federal money. They said their handicapped were cared for under their poor relief program.

When prolonged negotiations failed, State Welfare Director Henry J. Robison turned to the state's high court. In a 5-2 decision, the court allowed Robison a writ of mandamus requiring the county to accept the federal funds. Attorneys said the amount would total about \$400 a year.

In its decision, the court said: "The board statutory authority of the (welfare) department to make rules and to require accounting and reports as to persons permanently and totally disabled in the county . . . cannot be questioned by the county."

Rate Pigs Smartest Of Hoofed Animals

ITHACA, N. Y. (AP)—Cornell University specialists say the pig probably is the smartest of the hoofed animals. The scientists, Dr. H. H. Dukes and Dr. A. U. Moore, say the horse "just isn't too bright."

Tests here showed pigs to be quickest of the hoofed group in responding to signals for food. The scientists say that pigs get no chance to show their intelligence because they usually go to market before they are a year old.

Given a chance, the specialists feel, the pig can be one of the cleanest of animals. He roots around in the dirt partly because the sensitive feeling device in his snout helps keep him in contact with his environment. In effect, pigs have "fingertips in their noses."

They rank the hoofed animals' intelligence as follows: pigs, mules, horses, goats and sheep. The specialists say cows probably rate below horses, but the evidence is not clear.

Acrobat Tumbles In. Balcony Scene

PHOENIX, Ariz. (AP)—A 50-year-old Indian came to town and electrified pedestrians by skipping from one balcony to another on a hotel building.

Then William Hassel missed and landed on the sidewalk 20 feet below.

"Did you hurt yourself?" a bystander asked.

"No. I'm an acrobat—watch," Hassel replied.

He went back to his room, reappeared on the balcony and made two five-foot leaps.

On the third try he missed and ended up in the hospital.

Jet-Powered

(Continued from Page 1)

looking contraption but an obvious top-wing monoplane. It has no wheels — it doesn't need them. And it has a glider body with an open cockpit. It is 21 feet long and has a wing span of 26 feet.

The jet engines have not actually been rotated in flight. But the test program calls for such testing in a matter of weeks. Howe has maneuvered the plane in the air by means of the compressed air control system. He has used the jet engines to take off and land and to keep the plane in the air.

The obvious military value is that such a plane can operate in the field without runways like a helicopter. But unlike a helicopter, its speed is not limited to less than 200 miles an hour.

The principle, according to Bell engineers, can be applied to a combat jet fighter that exceeds the speed of sound.

Architects Are Not Artists, Soviets Say

MOSCOW (AP)—Russia's architects want to be classified as artists instead of builders. They have formally petitioned the government that they be transferred to the Ministry of Culture and taken away from the Ministry of Construction.

And this attitude, says Pravda, is one of the big reasons why Soviet building — especially residential — is too expensive, too inefficient and too fancy on the outside and uncomfortable on the inside, the paper says.

The faults of Soviet buildings were severely criticized at a meeting of builders.

ADVERTISE IN THE TIMES

REDS RELEASE DEAF-MUTE, 18, AFTER 5 YEARS

VIENNA, Austria (AP)—Communist Hungary released an American woman's 18-year-old deaf-mute son from behind the Iron Curtain today after long years of petitions by the mother.

In a tearful reunion in Vienna after five years apart, Mrs. William Brooks, of Washington, D.C., and Great Neck, N.Y., declared: "This is the happiest day of my life."

Mrs. Brooks had been petitioning the Communists to let her have her Hungarian-born son Peter Predic since soon after she left him in Budapest in 1949. A former Hungarian actress, she had escaped from communism and left the boy—a childhood victim of mastoiditis—with friends.

Married American

After immigrating to Canada and then to the United States, she married William Brooks, an engineer attached to the Sperry Corp. on Long Island and now assigned in Europe for two years. It was her second marriage.

Mrs. Brooks said she believed the Communists finally freed her son only because he was unfit for military service.

The youth arrived at Vienna's

Chlorophyll Dosage Weakens Animals

CHAMPAIGN-URBANA, Ill. (AP)—Chlorophyll fed in large amounts to animals may affect their offspring. This is the opinion of Drs. E. F. Reber and D. A. Willigan of the College of Veterinary Medicine of the University of Illinois.

They reached the conclusion after recent tests in which they fed two groups of rats diets with and without chlorophyll. The rats fed chlorophyll showed no obvious effects and bore the usual number of young. But their hair coats were rough and developed a light green color and in many cases were weak, causing the rats to drag their legs. Only two of the six litters lived to weaning age.

Mother rats fed chlorophyll did not provide so much milk and growth rate was slower until the rats reached weaning age.

West Station aboard the Arlberg-Orient express. As he stepped from the train, pale and wan, he saw his waiting mother and fell into her arms. Unable to express his emotions in any other way, he kissed the tears on her face.

A short time later, mother and son left for Paris to join her husband—Peter's new father.

"I hope that American medical science will be able to cure my boy's ailment and thus give him new happiness in the free world," she said.

TRAIN KILLS TAX DODGER

RIDGEWOOD, N.J. (AP)—An Erie Railroad train last night killed a man identified as John Scott Stella, a tax expert accused by the government a few hours earlier of failing to file income tax returns over a three-year period.

Stella, a 41-year-old attorney-accountant, was struck on the tracks near Ridgewood, police said.

The government earlier had charged Stella with failing to file personal tax returns for the years 1951-53, during which time he was an instructor in federal taxation at Columbia University's School of Finance.

His arraignment on the charge had been set for Feb. 10 and conviction would have meant a possible \$10,000 fine and three years imprisonment.

The engineer of the train, A. R. Gatty, reported he noticed a man walking along a path near the tracks in Ridgewood as the train went through 10 minutes late.

The conductor, J. F. Rosenbrock, of Spring Valley, N.Y., said he felt a bump, but thought it might have been due to a broken rail.

Police, notified of the incident, found Stella.

The average seven-inch lead pencil will draw a line more than 35 miles long.

BACK SHAPIRO IN CHANGES AT TWO HOSPITALS

PHILADELPHIA (AP)—Pennsylvania Mental Health, Inc., says Welfare Secretary Harry Shapiro's efforts to make changes in administration at Allentown and Fairview state hospitals "are long overdue."

"There may be grounds for questioning the method used for initiating such changes," Howard A. Wolf, chairman of the organization's executive council, said in a statement yesterday. "But the need for them has been apparent for many years."

He said "divided authority with all its weaknesses" restricts the Welfare Department "in what it can do about the mental hospitals."

"Each hospital has a board of trustees appointed by the governor," he pointed out. "The boards of trustees select the superintendent (who) nominates (while) the board appoints all personnel in the institution."

Not All Mismanaged

Not all of the state hospitals are mismanaged, Wolf added, citing Warren and Norristown state hospitals as having "found a way to overcome many of the handicaps and are conducting a first-class, modern treatment program."

The new welfare secretary, Wolf said, "has an opportunity to perform an outstanding public service" and take "the steps necessary to improve the care of the 420,000 mentally ill in our state institutions."

"This is not a task that can be accomplished in one stroke," he added. "It is a painstaking, building job and at the outset will cost money; but, in the long run, will be true economy—both financial and human."

FMH is an organization of doctors and laymen interested in the state's mental health problems.

YOUTH FACES

(Continued from Page 1)

Daniel E. Teeter and Attorney Raffensperger.

First witness on the stand was Ira Williams, photographer for the coroner's office, who identified photos he made at the scene the night of the crash and the next day.

"Never Raced In My Life"

Then Breighner told of the skating party and the return trip with Breighner leading into Arendtsville and with his car and Hartman's following different routes through Arendtsville. Just after Hartman drove onto the Mummaburg Rd. from the street leading past the high school Breighner passed him and on the hillcrest a half mile down the road Hartman drew alongside Breighner to pass him, he testified.

Breighner said one of his passengers warned him Hartman was going to pass. "I looked over and saw his lights coming alongside. When I looked back I saw the other (Topper) car's headlights," Breighner said. He estimated his own speed at 45 miles an hour and said he didn't believe Hartman was going over 50. He said when he realized Hartman was trying to pass he took his foot off the accelerator and then swung right. His own car clipped a telephone pole lightly but he got in under control and returned to the scene of the crash. "I never raced in my life," Breighner testified.

"Four Lights Came Over The Hill"

Dr. R. W. Gifford, associate surgeon at the Warner Hospital, said Oullison was dead on arrival at the hospital and said Hartman suffered from concussion, a fractured nose and other injuries. The surgeon said he did not notice any odor of alcohol on any of the people involved.

Jean Griest and Floyd Knipple, both of Mummaburg, and both passengers in the Breighner car, came to the stand and gave similar accounts of the accident.

Bernard Topper, 22, Arendtsville, said he was driving toward Arendtsville "when all of a sudden four lights came over the hill, two of them on my side of the road, and then everything went blank." His next recollection is 7 a.m. the next day in the Warner Hospital where he was a patient for two days.

Hartman Doesn't Remember

Topper said his own speed "could not have been more than 40 miles an hour for I had just come out of the McKnightstown Road and stopped for the sign there." Mrs. Topper testified next and told the same facts. She said their car was demolished in the crash.

Hartman took the stand next and told of the skating party but said he did not remember going through Arendtsville on the return trip, did not recognize Hartman's car and did not know why he tried the pass there but did remember seeing "something" just before the crash.

Rumors Of Racing Unconfirmed

Pfc. Ackerson described the positions of the cars when he reached the scene about 10:10 p.m. Marks on the road showed the Topper car had been shoved back about five feet by the impact, he said.

Ackerson said he had heard rumors that Breighner and Hartman had been racing but had been unable to verify it. Both youths have excellent reputations in their community, he said, and neither is known as a "cowboy" as far as he could learn. He said the crash occurred 85 feet south of the grade crest.

Members of the jury included Miss Jean M. Musselman, Mrs. Natalie Conover, Donald G. Wisotzky, James Baumgardner, R. Mervin Singley and Hugh C. McIlhenny.

VICTIM OF EUROPEAN STORMS — Hollanders turn out on the beach near the North Sea summer resort of Bergen Aan Zee to see the Panamanian ship Katingo which was driven ashore by the storms that hit northwestern Europe.

Here And There News Collected At Random

(Continued from Page 1)

Lincoln Square has almost been forgotten, and there are some who are agitating for the immediate removal of the center plot in the square to prevent the erection of a Lincoln statue there.

One state trooper, formerly stationed here, advocated the removal of the oval and open the area to parking for buses.

The Bureau of Public Roads of the United States Department of Commerce has announced ten changes in the design of traffic signs and other control devices.

The changes, approved by the American Association of State Highway Officials, the Institute of Traffic Engineers, and the National Committee of Uniform Traffic Laws and Ordinances as revisions of the Manual on Uniform Traffic Control Devices, are:

1. A red stop sign, with extra white lettering and with at least the lettering reflectorized, re-

places the former standard yellow sign. No contrasting panels or supplementary messages are permitted.

2. A "Yield Right of Way" sign is adopted for use at certain intersections where a full stop is not required. This is a yellow equilateral triangle, with one point downward.

3. "No Passing" and "End No Passing Zone" signs are replaced by sign reading "Do Not Pass" and "Pass With Care," respectively.

4. The cardinal direction marker is to read "North," "South," etc., rather than "Northbound," etc.

5. The minimum mounting height to the bottom of signs in rural areas is increased to 5 feet.

6. Warning signs are to be placed further in advance of the dangers ahead.

7. The border around a sign is now optional rather than mandatory.

8. Railroad-crossing pavement markings are confined to the right-hand portion of the pave-

Two Detroit Suburbs Ban Construction

DETROIT (AP)—Suburban Roseville and St. Clair Shores have banned new home construction while they work out a plan to curb "growing pains."

Both are considering adding \$150 to \$300 to the cost of building permits, saying rapid expansion has outdistanced ability to provide sufficient schools or adequate water and sewer facilities without additional revenue. Roseville's ban includes new commercial as well as home construction.

PARK RAPIDS, Minn. (AP)—A gun accident took the left hand of Gordon Dennis, 20, but it failed to dampen his hunting ardor. Less than two months after he lost the hand while hunting ducks, Dennis shot a deer.

9. Traffic signal installations must show at least two signal faces visible to traffic on each approach to an intersection.

10. The minimum traffic "warrants" (vehicular volume) justifying traffic signal installations are raised in certain respects.

COMEDOWN

HOUSTON, Tex. (AP)—Oilmen are laughing about one of their number who spent a pretty penny on a present for his wife.

"It's not true that my wife married a millionaire, she made me one," said the oilman with a trace of bitterness.

"That so?" said a surprised friend. "What were you before your marriage?"

"A multimillionaire!"

QUIZ MODEL THIRD TIME

NEW YORK (AP)—Estelle Gardner, 26, brunette model who was a guest in financier Serge Rubinstein's 5th Avenue mansion a few hours before he was slain, has been questioned for a third time in police efforts to serve the mystery murder.

She was questioned last night after cab driver Abe Lewis told police he had picked up a woman near the Rubinstein home shortly before 2 a.m. last Thursday. This is the time the model said she left the millionaire playboy after having a goodnight drink with him.

But Lewis could not identify Miss Gardner as his fare.

Between 2 a.m. and 8:30 a.m., when Rubinstein's pajama-clad body was found in his bedroom by the family butler, the murderer or murderers gained access to the locked and barred house and gagged, trussed and strangled the 46-year-old World War II draft dodger.

Stanley T. Stanley, a broker friend, yesterday denied he had furnished police with a list of 10 of the slain man's business foes for possible questioning.

Police say they have checked through about three quarters of 1,000 names appearing in half a dozen address books kept by Rubinstein.

CLEVELAND (AP)—Female fans of the Cleveland Indians will have plenty to cheer about this year. The Tribe has increased its Ladies Days to 14 games. In previous seasons 11 such days were the most ever scheduled. Each visiting team can be seen twice by the distaff rooters.

Says Reds Lose In Latin America

DALLAS (AP)—Dr. Milton Eisenhower says communism hasn't a chance in Latin America as long as its people "can achieve their just economic aspirations."

How the United States is helping along this line is expected to take up much of a speech tonight by Dr. Eisenhower, adviser to his brother, the President, on Latin America before the Dulles Council on World Affairs.

The talk has been billed as a major review of U.S. policy in Latin America.

Dr. Eisenhower said at a news conference that he was satisfied with the ways his proposals have been received.

An example, he said, is the President's recommendation for an international finance corporation—a supplement to the World Bank which would lend to private enterprises rather than governments.

"Productivity in Latin America is now increasing at a rate of 2.5 per cent per person, the highest rate in the world," he said.

Truman Sees No World Without Peace

ST. LOUIS (AP)—Former President Truman, urging the world to work for the brotherhood of man, said last night, "If peace doesn't come, there will be no world left."

"We are facing the greatest age in history," Truman said. "We must meet it. All we need to do is meet the situation with which we are faced, and we should meet it on the principles of the fatherhood of God and the brotherhood of man."

"If peace doesn't come, there will be no world left. You are listening to one who knows what he is talking about and I say that

ALL KIDS LOVE A STUFFED ANIMAL

Kids the world over cherish a stuffed animal, especially when it has a personality of its own.

One of the most personable of the stuffed animal kingdom is an inquisitive dachshund, appropriately called "Nosy" and irresistible when made in brown velvet.

A standard pattern has easy-to-follow directions, and local sewing center experts who have tried it say even if you've never made a stuffed animal before, this one is sure to be a success.

Only 3/4 yard of brown velvet is required for Nosy, and little Susie would love to have him matching a little brown velvet party skirt. Nosy is stuffed with cotton batting, and the eraser end of a pencil is used to fill such hard-to-get-at places as the legs and tail. The eye is a beady jet button over a circle of felt; a floppy green satin bow adds a holiday touch.

Other Patterns

The pattern also includes directions for a cuddly stuffed cat, made from terry cloth and stuffed with shredded foam rubber for washability. Faces on both animals may be embroidered on your sewing machine, with the help of transfers included with the pattern envelope.

Stuffed animals are good budget stretchers, too, since they may be made from ragbag scraps.

advisedly."

Truman, later in his speech, said he had reference to the use of atomic energy. He was the main speaker at a testimonial dinner honoring the Rev. Dr. Harold L. Reader, a fellow 33rd degree Scottish Rites Mason.

IKE'S FORMOSA MOVE SOLVES TWO PROBLEMS

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — President Eisenhower killed two birds with one stone — at least temporarily — when he asked for, and got, congressional approval to defend Formosa and the Pescadores Islands as he thinks best.

The birds were (1) the demands of some Republicans, like Sen. Knowland (R-Calif.), for stronger action against Red China and (2) the old question of the President's power to take action which might lead to war.

Persons familiar with the administration's thinking have been saying around Washington the President's request for the resolution has had a quieting effect on those Republicans who didn't consider him tough enough on the Reds.

Knowland Support

Knowland, who has repeatedly called for a blockade of the China coast, supported the resolution. But if there is any real Republican unity on Formosa policy now, it will almost certainly dissolve if, for instance, Knowland thinks Eisenhower uses this resolution to make concessions to the Reds, instead of stiff-arming them.

The resolution, with language both broad and vague, sounds tough. Under it Eisenhower could order the bombing of Red China, even if it meant war, if he felt that was necessary to frustrate an attack on Formosa.

The resolution is clear on only one thing: that this country will specifically defend Formosa and the Pescadores. But that has already been the clearly stated

Worried About 300 Dynamite Sticks

KONOSU, Japan (AP)—Police are looking for 300 sticks of dynamite missing from a load of 1,800 sticks that spilled from an overturned truck. Passers-by picked up some of them. Police are worried because they resemble kairo sticks, a fuel which Japanese use in portable warmers.

RULING FOR VETS

WASHINGTON (AP)—The Civil Service Commission announced today a new rule barring federal agencies from passing over eligible veterans and giving jobs to nonveterans lower on the list without the approval of the commission. The commission must find that the reasons for a passover justify such action.

American policy for five years under Presidents Truman and Eisenhower.

Defend "Other Areas"

The resolution says Eisenhower can take action to defend other areas around Formosa, now held by Chiang Kai-shek. Or, since the resolution says nothing to the contrary, Eisenhower could let the Reds have those other areas without a fight from this country.

There has always been a constitutional question going back to the Republic's beginning, about this:

The Constitution says only Congress can declare war. But can a president actually get the country into war, thus making the actual declaration by Congress only a recognition of an accomplished fact?

In the case of Formosa, where war may or may not come, Eisenhower got an okay from Congress before he had to act. But this authority is limited to Formosa and expires when the Formosa problem is settled, if it's settled.

SOLVE TEXAS BLAST FATAL TO MRS. WEAVER

HOUSTON, Tex. (AP)—Texas Rangers and Houston police continued a search today for an explosives cache from which an ex-convict says the nitroglycerine bomb which killed Helen Harris Weaver was made.

Mrs. Weaver, 51, a wealthy San Angelo, Tex., ranchwoman, was blasted to death Jan. 19 when she stepped on the starter of her husband's automobile.

Police Chief Jack Heard said last night, "We now know who set the bomb" that killed Mrs. Weaver. He said Andrew H. Nelson, 45-year-old ex-convict, told officers that he instructed a man on how to rig the nitro bomb.

Linked By Tips

Heard said Nelson declared this man went to San Angelo the night before Mrs. Weaver was killed, rigged the bomb in Weaver's automobile and was back in Houston by the time the explosive was detonated.

A former son-in-law of Mrs. Weaver's—Harry L. Washburn, 38, of Houston—is under a murder charge in her death and held in the Tom Green County Jail at San Angelo. He says he was in Houston when the bomb went off.

Gave Money, Guns, Car

Washburn was charged after two men told police he gave them money, guns and a car last March and told them to kill Harry E. Weaver, the slain ranchwoman's husband.

The pair quoted Washburn as saying, "I'll do it myself, then," after they refused to carry out the plan.

Over 60 Years of Dependable Service

Chronology Of 1954 News

August

August 1—Taneytown's Bi-Centennial comes to a close with the largest crowd in the town's history jamming the community for the parade. A new heat record for 1954 is set at 101 degrees.

August 2—First prize in the Gettysburg Sale Days contest, given by the Gettysburg Retail Merchants Association is won by Marvin Dove, R. 5, who receives television set. Fire causes an estimated \$6,000 damage to home in Beechertown owned by the C. H. Musselman Co.

August 3—More than an inch of rain falls here bringing real relief from the three-month drought. Gettysburg's borough council moves a step closer to zoning by ordering a Department of Borough Planning and naming a borough planning commission of two women and three men. Col. Alfred E. McKenney, professor of military science and tactics at Gettysburg College from 1946 to 1950, retires from the Army.

August 4—Manager Robert Harner of the Gettysburg Municipal Authority removes all restriction on the use of water here. Harry Mossburg, aged about 26, Frederick, is blinded in an accident while drilling post holes south of Emmitsburg for the Chesapeake and Potomac Telephone Co. The dial telephone system for the East Berlin area goes into effect.

August 5—Gettysburg Construction Co. is awarded the contract for building the new VFW home on E. Middle St. Adams County's new game protector, Paul H. Glenn, starts his duties here in anticipation of the retirement of Game Protector Leo Bushman, August 31.

August 6—Adams County unemployed more than doubles the August 1, 1953, number disclosed in figures by the Gettysburg Office of the Pennsylvania State Employment Service. Adams County's school directors go on record as opposing

NATURE PAINTING—This desert-like scene was taken by a photographer who turned camera back on his own snowshoe trail across flat summit of Mica Peak, Spokane, Wash.

lowering the age limit for first grade students. The Elizabeth City, (N. C.) High School Band tours the battlefield.

August 7—President Dwight D. Eisenhower is invited as honor guest for the World War Tank Corps Association reunion here. Miss Gladys V. Kelley, 74 Springs Ave., Edgar M. Glenn, Fairfield R. 1; Clair W. Settle and Hobart E. Benchoff, both of Biglerville, receive masters' degrees at commencement exercises at Pennsylvania State University.

August 8—A 42-year-old Hanover R. 1 mother is killed instantly near Bonneville when her motorcycle strikes an auto driven by a Gettysburg R. 2 resident. The Most Rev. Andrew, metropolitan of the Bulgarian Eastern Orthodox Church, is a visitor to Gettysburg.

August 9—Fourteen representatives of the Adams County 4-H organization attend the opening session of the 30th annual 4-H Club Week at the Pennsylvania State University.

August 10—Borough police warn Gettysburg merchants against accepting checks from unknown persons. A former college and professional football player, George T. Gilson, robbed the Gettysburg College locker room on four occasions during games here, state police say. A live donkey is given to the Adams County Democratic party at a meeting in the parochial school building.

August 11—The Adams County commissioners adopt the new, equalized assessment which has been in preparation for the last 16 months. A committee to study the need for reconditioning portions of the Little and Big-Little League baseball outfields is appointed.

August 12—James Hamilton Eyer, 33, Baltimore, is turned over to federal authorities for sending a threatening letter to Miss Mary Miller. Damage is estimated at \$8,000 by Fairfield Fire Chief Roger Myers when a barn at the farm of Robert W. Davis, near Fairfield, is burned.

August 13—Thirteen hundred farmers from six counties jam the Memorial Auditorium at the South Mountain Fairgrounds for the fifth annual joint stockholders' meeting of the Carlisle Production Credit Association and National Farm Loan Association of York. Second annual Junior Chamber of Commerce Antique Show opens in the Hotel Gettysburg annex. Roadside markers indicating the approximate east and west boundaries of the Manor of Maske are erected by the Pennsylvania Historical and Museum Commission.

August 14—Ninety-two members of the local National Guard unit go to Indiantown Gap for two-week summer training. Pennsylvania Drought Committee decides against seeking to have Pennsylvania listed as a drought emergency area. The Greenmount Fire Department takes in \$4,000 gross receipts during its recent carnival.

August 15—Members of the Richmond Civil War Round Table make a two-day visit to Gettysburg. Miss Patricia Warrenfeltz, 15-year-old daughter of Mr. and Mrs. Robert Warrenfeltz, Aspers, is named Adams County's "Peach Queen." Members of the Class of 1929 of the Biglerville High School hold a reunion.

August 16—Chamber of Commerce is host to the Classic Car Club of America. Firemen from nine Adams County companies, take part in "Operation Wake-Up," Civil Defense drill in Mt. Holly Springs.

August 17—The Gettysburg Municipal Authority moves to make permanent installations connecting the well near the water works with the borough's water system. Cattle rustlers are reported at work in the Wierman's Mill area.

August 18—Grant's new four-in-one department store opens its doors here. "Family Day" held at Recreation Park.

August 19—The Warren Chevrolet Garage is robbed of \$600 by burglars who steal the safe from the office of the garage. The Steinwehr Ave. home where the body of Union Gen. John Fulton Reynolds lay after death here in 1863 is converted into a miniature battlefield.

August 20—Fire caused by a bolt of lightning demolishes a large barn and an implement shed on the farm of Samuel Batterman, one-half mile

south of Cross Keys. W. L. Chambers, Dr. Max Hensley and Thomas A. Trout, all of Gettysburg, are listed as first place winners in the three divisions of the ninth annual Gettysburg Photographic Exhibit opening at the Gettysburg National Bank.

August 21—Industries in Adams County register 1953 gains in employment, payroll, value of product, capital investment and number of establishments. Adams County's National Guard unit "does itself proud" while firing the 105 MM howitzer at Indiantown Gap.

August 22—Nancy M. Steller, 18-year-old daughter of Mr. and Mrs. Warfield Marsteller, Stewartstown R. 3, is crowned State Peach Queen at York.

August 23—Waldo A. Kuhn, 68, dies at his home. Aspers R. 1, of a self-inflicted wound. The Gettysburg Junior Chamber of Commerce entertains a visiting Indian exchange student on a tour of the battlefield.

August 24—The State Department of Public Instruction rejects Adams County's plan for school development during the next five years and asks the county school board to reconsider. Curtis S. Sponseller, New Oxford, is elected first vice president of the Adams County School Board. Adams County's G.I. farm training program, after nine years, comes to an end.

August 25—Clark L. Fetters, Gardners R. 2, dies in the Warner Hospital during a term as chairman of the county commissioners. Gettysburg College receives two Chinese paintings from Dr. Chao-Ming Chen, noted Chinese scholar and Baltimore antiquarian.

August 26—300 members of 17 Adams County 4-H Home Economics Clubs assemble at the Gettysburg High School for annual 4-H Round-Up. Charles R. Sterner, 17, son of Mr. and Mrs. Glenn L. Sterner, R. 1, is presented with awards for gift raising in Adams County. "Benn's" men's and boys' clothing store, changes hands.

August 27—Gettysburg welcomes the 36-year reunion of the National Tank Corps, stationed at Camp Colt during World War I. State police report two AWOL Marines removed the Warren Chevrolet Sales save last week.

August 28—John C. Felton, of Balacynwood, Pa., was elected president of the World War Tank Association. President Walter C. Langsam presents 25 seniors with their A.B. degree at the closing of Gettysburg College's summer session. Five French exchange students tour battlefield.

August 29—The Homecoming Reunion of the Tank Corps Association adjourns after Lt. Gen. Floyd L. Parks accepts a memorial pine tree and plaque. Parsonage of Ortanna EUB Church declared free of debt after a special note-burning ceremony.

August 30—The opening of Gettysburg public schools may be delayed to Sept. 13 because of repairs and additions to the school buildings. George Ray, Roaring Springs R. 1, is fatally injured when his car leaves the Littlefield Road and crashes into ditch. Harold E. Sutphin, Littlestown, his wife, and his son were killed in crash in Virginia.

August 31—Gettysburg's Planning Commission holds its first meeting and discusses preliminary plans for zoning the community. Elmer Gruver, East Berlin, is elected president of Adams County unit of American Cancer Society.

Sept. 1—Pennsylvania Commission erects markers at residence of Thaddeus Stevens, Chambersburg St., and at former site of court house in Lincoln Square. Donald Becker, president of Jaycees, elected secretary of district Jaycees. Dr. Ralph D. Wickerham named chairman of dental staff at hospital.

Sept. 2—Colliers publishes article on Eisenhower farm and Gettysburg surroundings. John A. Hauser, Biglerville, president of C. H. Musselman Co., elected to board of directors of International Apple Association. Fire Company President William G. Weaver announces No. 6 pumper will be sold to Bratsburg Fire Department.

Sept. 3—The Times publishes a special supplement devoted to South Mountain Fair. Glen C. Perry, Fay-

One Man Retires; Eight Jobs Vacant

MONROE, Mass. (AP) — Ralph L. Ballou, 73, says he will retire from public service March 7, leaving a vacancy in eight town jobs. He is town treasurer, clerk, sealer of weights, fence viewer, measurer of wood and bark, measurer of lumber, burial agent and assessor for this Berkshire town of 174 residents.

ettesville laborer, is asphyxiated by ammonia fumes at Peach Glen plant of Knouse Foods Cooperative. Sept. 4 — J. Blaine Bushey, Arendtsville teacher and farmer, is appointed to fill unexpired term of Commissioner Clark L. Fetters, who died last week. Dr. Robert Fortenbaugh elected worthy grand chaplain of ATO fraternity. Mrs. Joseph E. Codori, chairman of March of Dimes drive, announces \$1,323 has been collected.

Sept. 5—Gettysburg Riding Club members win ribbons and trophies at horse show at Carroll Adams Riding Club at Kingsdale.

Sept. 6—Littlestown's Alpha Fire Company judged "best appearing" in parade of county firemen's convention at McSherrystown. Bernard Selby, Littlestown, elected president of association.

Sept. 7—Mercury nears the 100-degree mark. South Mountain Fair opens. Peggy Lane wins autographed copy of President Eisenhower's "Crusade in Europe," first of five awarded to contributors to county library.

Sept. 8—Library bookmobile is dedicated at the South Mountain Fair. Larry Chrismer, 3, drowned in James Miller, Gettysburg, ordained priest in Cincinnati. Haskell C. Mullin, Aspers R. 1, shot by stray bullet while sitting on porch.

Sept. 9—Charles Stone, Bridgeville, dies of fractured skull following head-on collision near Fountaindale. Two other passengers in critical condition. More than 200 former teachers and pupils of Mud College hold second annual reunion. Rev. Victor Meredith is elected president and Rev. Harold B. March secretary-treasurer of Gettysburg Ministerium.

Sept. 10—Karl J. Smith, McSherrystown, elected interim president of commissioners. 7,500 visitors at the South Mountain Fair.

Sept. 11—South Mountain Fair

closes "one of most successful" seasons in years. Total attendance estimated at 31,500. Emergency March of Dimes Drive yielded \$1,556. First National and Gettysburg National banks extend banking hours to Friday evening.

Sept. 12—Orientation Week at Gettysburg College opens. Eight members of Gettysburg Riding Club compete in Waynesboro Horse Show and win trophies and ribbons.

Sept. 13—President Walter C. Langsam welcomes freshman class to Gettysburg College. MacMillan Co. announces release of seventh edition of Dr. Langsam's historical text, "The World Since 1919." President M. David DeTar host to 350 at celebration of 25th anniversary of founding of Aero Oil Co., at the Hanover Country Club.

Sept. 14—Mt. St. Mary's College opens 147 year. St. Joseph College opens. Library bookmobile makes first trip through area.

Sept. 16—Mrs. Gweneth Zarfoss, of State CD Council, addresses South Central Pennsylvania Conference of Federation of Women's Clubs. News analyst Richard Thomas addressing evening meeting of group. Grand High Priest Daniel Roberts guest of honor at Masons' dinner.

Sept. 17—Female voters outnumber males in Gettysburg, Republican margin over the Democrats pared.

Sept. 18—Kenneth V. Steinharter, College student, awarded Bulova Foundation scholarship. Rev. Fr. James Miller, Gettysburg, ordained priest in Cincinnati. Haskell C. Mullin, Aspers R. 1, shot by stray bullet while sitting on porch.

Sept. 19—Charles Stone, Bridgeville, dies of fractured skull following head-on collision near Fountaindale. Two other passengers in critical condition. More than 200 former teachers and pupils of Mud College hold second annual reunion. Rev. Victor Meredith is elected president and Rev. Harold B. March secretary-treasurer of Gettysburg Ministerium.

Sept. 20—Lt. Gov. Lloyd H. Wood, GOP candidate for governor, and other Republican candidates speak

Poor Health Leads To Profitable Career

BLOOMINGDALE, Mich. (AP) — When poor health forced Charles Wilson out of an office and into the outdoors, he and his wife decided to go into the poultry business, to the point where they can take six-month vacations every year.

They raise broilers for the resort trade. Production starts in April and ends in mid-October.

The brooder on their 8 1/2-acre chicken farm starts 300 chicks, a week. When they're ready for market the chickens are plucked and drawn by an electric device, then packaged for dealers. With help from neighbors, the Wilsons say they can dress up to 100 birds an hour.

at noontime on Court House steps. Dr. Karl Grim, retired chairman of the German Department of Gettysburg College, dies at the age of 83.

Sept. 21—George Hayberger, Gettysburg mechanic who spent two years in Turkey, tells Exchange Club MSA program "best investment U. S. government ever made." Democrats complete plans for dinner on Sept. 29 for George Leader, gubernatorial candidate, at Lincoln Logs. County CD organization is alerted by tornado warning.

Sept. 22—High school alumni council plans to buy a grand piano for school. Girl Scout Camping Committee hears the report of its summer program Carbine missing from granite statue of Union cavalryman.

Sept. 23—Fire on Harrisburg Rd. damages roadbuilding equipment. Thirteen sub-committees make arrangements for celebration of United National Week. Jaycees ask elementary school be named President Eisenhower.

Sept. 24—Medical staff of hospital informs directors hospital must be enlarged. Dr. A. M. Paxton addresses Institute at Littlestown.

Sept. 25—Polio threat increases in county, as Verne Y. Brandt, East Berlin, dies of disease in Harrisburg Hospital, and a Gettysburg College sophomore, Allen Trainer, contracts paralysis.

YWCA celebrates hundredth anniversary. Maurice Bream, Littlestown, elected president of the county branch of PSEA.

Sept. 26 — Vandals damage newly-planted Eisenhower pine tree on battlefield. Dr. Harvey B. Hoover, professor emeritus at Seminary, addresses 25th anniversary celebration of Union Lutheran Church, York. Dr. Walter C. Langsam speaks at Hershey Industrial School.

Sept. 27 — Mrs. Edith Bushman installed as president of Ladies' Auxiliary of Albert J. Lentz Legion post. Hospital Auxiliary purchases air coolers for hospital wards.

Sept. 28 — State police arrest minor who admits starting Bonneauville barn fire. Roy A. Weaver elected chairman of County Agriculture Stabilization and Conservation and Committee. Gasoline truck crashes through Harr's covered bridge, in Latimore Twp.

Sept. 29 — Sen. George M. Leader, Democratic candidate for governor, addresses more than 700 at Lincoln Logs. Former Senator Francis Myers and other candidates also speak. Congressional nominee James M. Quigley addresses Bankers Association.

Sept. 30 — Last bonds for new jail paid off. They were issued in 1947. Gilmore B. Seavers tells Gettysburg PTA schools are big business.

NO ESCAPE

BEVERLY HILLS, Calif. (AP) — David Brothers, a waiter, has invented a scale which gives you weight free—and also a commercial while you stand on it.

When you step aboard, a recording device plays a message from advertisers who pay Brothers for use of the machine. Several are in operation in Los Angeles.

SINGAPORE (AP) — Employees of the Singapore government who claim transport allowances now must write out their expense accounts in longhand.

The reason: Government officials explained that upon finding excess claims, employees had said, was due to typographical errors.

THESE SNAKES FIGHT SNAKE

BELGRADE (AP)—There are lots of poisonous snakes in the mountains of Yugoslavia — rattlesnakes and other kinds of vipers. In many sections of the country, the people keep blavars (a kind of harmless snake) as pets to control the poisonous varieties.

The fat, friendly blavars will make a meal off a big rattler if given the chance, but will drink out of the milk jug when natural food is not available.

The Yugoslavians also use their poisonous snakes as an export item. A factory in Croatia processes venom for use as a snake bite antidote. Hundreds of vials are sold to France and Germany. Many of the live snakes also are exported, often to zoos and laboratories.

Slavic Sport

Hunting the deadly snakes is a sport for many Yugoslavians, but it also is a business. Secrets of choice locations for finding snakes are handed down from father to son. And local snakebite remedies are guarded as trade secrets.

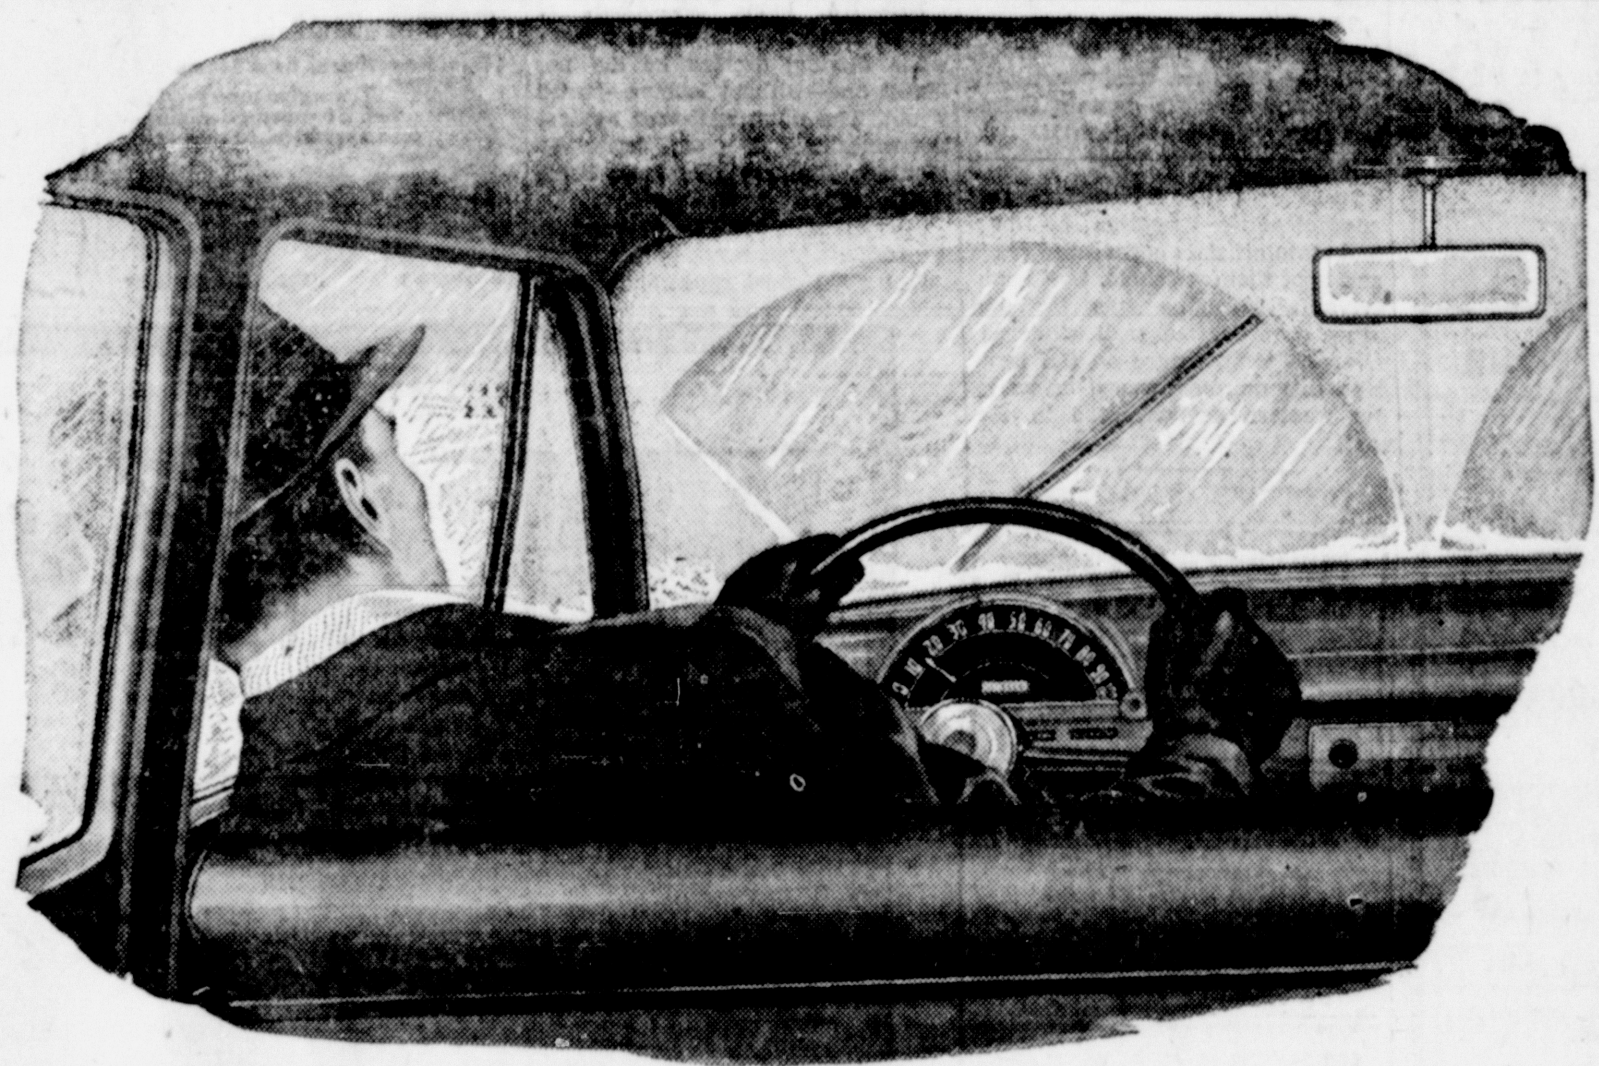

The hunters get about 85 cents for each poisonous snake they catch. Both boys and girls train as hunters under close supervision of their parents.

TRUANT FORGIVEN

RICHMOND, Va. (AP)—The school folks were not tough with Berkley Henley when he cut his eighth grade classes. Berkley spent the summer on his uncle's farm and got interested in raising tobacco. When the market opened here—on a school day—Berkley sold \$245 from the patch he cultivated.

SCIENTIFIC THIEF

LONGVIEW, Tex. (AP)—Obviously this thief wanted to plot a straight and narrow path. His loot: one York engineering manual, one Keuffler-Esser slide rule, a triangular architect's rule and two 60-degree drafting triangles.

**Keep off the go
on Ice and Snow!**

SKIDDING! CAN'T SEE!

Slow down or stop when winter's special hazards hinder safe driving.

On ice... snow... slush... in sleet, quick thaws and freezes—keep off the go—keep speed down—make allowances for possible skids. Be prepared—use chains or special tread tires... pump brakes gently when slowing or stopping.

Winter driving demands the utmost of driving skill and quick, clear thinking. Only you... the driver... through your ability and judgment... can defeat the dangers of slippery roads, glare, reduced visibility and longer periods of darkness.

Remember—your safety on winter roads depends on you and what you do behind the wheel.

Drive to stay alive in '55!

This message in the interest of highway safety is one of a series prepared and disseminated by the Pennsylvania Newspaper Publishers' Association and the Pennsylvania Department of Revenue.

COLDEST WAVE IN YEARS HITS PENNSYLVANIA

By The Associated Press

Pennsylvanians were zeroed in weatherwise today with the coldest wave to hit the state in recent years dropping temperatures to as far as 21 degrees below zero.

The U. S. Weather Bureau in Philadelphia reported that generally speaking the weather across the entire state was the coldest in memory. Weatherman Henry Adams said he'd rather not trust to memory to say when the weather generally was colder.

"I would say that this is the coldest wave to hit every section of the state that I can remember in a long time. Usually certain sections are hit, but this wave has numbered almost every part of the state. It's unusual to have such widespread cold," said Adams.

The extreme cold was caused by an intensely cold air mass moving southeastward along the eastern side of the Great Lakes. It followed the winter season's worst snow storms on Wednesday with depths of from 1 to 13 inches falling across the state.

21 Below At Kane

The coldest spot in the state was at Kane, where the thermometer hit 21 degrees below zero. Park Place in Schuylkill County reported a reading of 15 below.

Elsewhere, Pittsburgh shivered in 2 below. At Philadelphia, 8 above was the coldest Feb. 3 in the Quaker City since 1881 when it was 4 above; Harrisburg reported 3 above, Williamsport 4 below, Philadelphia 7 below, Altoona 4 below, Sellersburg 11 below, York, Scranton-Wilkes-Barre area 5 below, Allentown 2 below, Erie 5 above, Reading 2 above.

Philadelphia's suburbs are expected to drop to zero tonight with temperatures of between 10 and 12 in central city.

It was 10 below zero at Free-land; 13 below on outskirts of that town. Hazleton had one below in Central city, 6 below in outskirts. Highway conditions were not too bad considering the snow and the

FAVORS MORE APPLE BUYING

ALBANY, N.Y. (AP)—Gov. Averell Harriman today directed greater purchases of apples for state institutions in a move to cut down large storage supplies of the fruit.

The governor said he had authorized the Standards and Purchase Division to accelerate apple buying for institutions operated by the departments of correction, mental hygiene, social welfare and health.

The action followed a report by Agriculture Commissioner Daniel J. Carey that a "backlog of storage exists because of the present slow movement of apples in the market," the governor's office said.

Harriman said in a letter to the heads of the four departments that increased state consumption of apples "will afford relief to this important segment of New York state agriculture."

He added that "state institutions will benefit by taking advantage of an excellent food buy."

FREIGHTER HAS CRACKED HULL

NEW YORK (AP)—A freighter with a crack in the hull labored through choppy North Atlantic under its own power today with a U.S. military sea transport for an escort.

The Liberator, of Panama registry, was making 6½ knots under close watch from the MSTs Gen. William O. Darby, the Coast Guard here reported.

The Liberator was half way between Newfoundland and England and headed for England. The ship, with a crew of about 30 men, had left Halifax without cargo.

The U.S. Coast Guard cutter Chicoutague was proceeding from its winter station toward the 7,176-ton Liberator.

The Darby and a freighter, the Cape Ann, reached the Liberator late last night. There was no word here today whether the Cape Ann was still with the damaged ship.

The Liberator radioed late yesterday that it had a hull crack, that the condition was "very serious," and that the captain feared the ship would break in half.

Intense cold that followed. A fast snow-clearing operation by local and state officials opened the roads and kept them passable. The Pennsylvania Turnpike was ice and snow covered, but well cindered. Average temperature on the turnpike this morning was 3 below in the western section, zero in the east.

REPUBLICANS LOSE ONE VOTE SENATE MARGIN

HARRISBURG (AP)—Republican loss of its one-vote margin in the state Senate placed that branch of the General Assembly today in an indefinite stand-off situation, with neither party having the votes to pass a bill without help of the other.

Injury of Sen. John T. Van Sant (R-Lehigh) in an automobile accident at Fogelsville yesterday reduced the GOP voting strength to 25, one short of the number necessary to pass a bill. Democrats have 24 senators, two short of the required number.

Sen. Van Sant suffered a fractured hip and other injuries in the accident and will be hospitalized for several weeks. It probably will be weeks after that, on the basis of his injuries, before Van Sant will be able to join his Republican colleagues in the Senate.

Situation Is Complicated

The Senate deadlock further complicated the political situation of the new Democratic administration. The voters gave Democrats a working majority in the House to pass the administration's legislative program but left Republicans with a one-vote majority in the Senate.

Van Sant's absence places the GOP in the Senate in the same position as the Democrats, in that each lacks the votes to pass a bill so long as Van Sant is absent. He must be in his seat to cast his vote.

Republican-controlled committees, with Van Sant absent, may still report legislation to the Senate for a vote. But once a bill is called up, neither side will have the necessary 26 votes to pass it unless they reach a compromise on its provisions.

PLUM WRONG

HELENA, Mont. (AP)—Albert L. Foster, 31, took a bite out of a plum while driving, decided he did not like it and—without looking—tossed it out. The plum splattered against the windshield of a car, driven by Montana Highway Patrolman Ernie McDwyer.

Charged with dumping garbage on a public highway, Foster forfeited a \$10 court appearance bond.

Says GOP May Kill State FEPC Bill

HARRISBURG (AP)—The State Council for a Pennsylvania Fair Employment Practice Committee says the Republican-controlled Senate might try to kill in committee a state FEPC bill.

Elliott M. Shirk, executive director of the council, said yesterday such a move as was done in 1951 and 1953 "would be a disgrace if this moral issue would be abused again in this manner."

Democratic officials have indicated that a FEPC bill will be presented to the General Assembly next week.

Shirk said an analysis of voting records and pledges received by the council show that many House and Senate members favor immediate passage of "a strong and forceful" FEPC law in Pennsylvania.

Discs For Doughfeet Is Michigan Project

LANSING, Mich. (AP)—Local people, led by a housewife with a son in the armed forces, have sent more than 3,000 phonograph records to servicemen in Germany, Iceland, Korea and Alaska. Three phonographs and some 1,500 books and magazines also were donated in a "Discs for Doughfeet" campaign started by Mrs. Fred Vanderlip.

A newspaper and radio station joined in the campaign. At one point, the Air Force said it might not be able to furnish space on a plane to transport the gifts. Mrs. Vanderlip offered to pay the \$300 shipping charges and then take a job until she could make it up again.

With that word, the Air Force sent a special plane to Lansing to pick up records and books.

RECOMMENDS TRANSPORT POLICY CHANGE

WASHINGTON (AP)—A Cabinet level committee reportedly has recommended revamping government transportation policy to give the railroads greater freedom to set their own freight rates and to reduce federal aids to the air, shipping and trucking industries.

Informed sources both in the administration and the transportation field said yesterday the report now is before President Eisenhower and is expected to be sent to Congress next week, perhaps on Wednesday, without any strong personal recommendations from Eisenhower.

The report—which was said to have been sent back once by the White House for revision—was understood to recommend:

Trim ICC Power

(1) Trimming the powers of the Interstate Commerce Commission to control railroad freight rates, (2) relaxing restrictions against one segment of the transportation industry invading other portions of the same industry, (3) creating a system of "user charges" on transportation systems which are helped

Potatoes Preserved By Atomic Radiation

ANN ARBOR, Mich. (AP)—Atomic radiation treatment of potatoes—to increase the spud's edible lifetime—now is publicly advocated by a discoverer of the process.

The idea is to preserve the potato for a year or more. It comes from the University of Michigan.

Lloyd E. Brownell, supervisor of the University's Fission Products Laboratory, says the process does not harm the potatoes nor spoil their taste.

Irradiated potatoes from the 1953 crop stored at the university still show no sign of deteriorating, Brownell said, while untreated potatoes from the same crop have rotted.

by the government in various ways, such as the dredging of inland waterway routes and the financing of air and ship navigation aids.

Help Nature heal and clear up 'skin-hurts'

SAVINGS, DEBTS SHOW INCREASE TO NEW HIGHS

By SAM DAWSON
NEW YORK (AP)—Americans are stashing their money away in the greatest volume of savings ever—and at the same time they are going deeper and deeper into debt.

Deposits in mutual savings banks have reached a record high. Saving and loan associations have had a record year. Total liquid savings have risen. At the same time, installment debt and mortgages have taken a sudden spurt and reached the highest levels in history.

Total debt—what is owed by government, corporations and individuals—has risen 47 per cent since 1946, with corporate and personal debts leading the way. Total debt now exceeds 600 billion dollars.

SENATOR DOES NOT TRUST REDS

WASHINGTON (AP)—Sen. Knowland (R-Calif.) said last night that Communist China, even if it agrees to discuss a Formosa cease-fire, may "at the same time launch attacks on some Nationalist-held islands off China."

Knowland, the Republican Senate leader, told a GOP rally at nearby Potomac, Md., that "the mere fact they negotiate is no guarantee that they may not use the same time to cause us trouble."

He said the Communists have often accompanied diplomatic talks with military action in the affected area.

The United Nations Security Council has asked Red China to discuss a cease-fire in the Formosa Strait, and some administration leaders believe that country may accept.

Knowland told the GOP rally the Chinese Reds "will not be satisfied with any such price" as the yielding of the offshore islands of Quemoy and Matsu, now held by Chiang Kai-shek's Nationalist forces.

PRESIDENTIAL FAMILY

BEAVER CROSSING, Neb. (AP)—The brothers Eberspacher, Bob, 17; Wes, 15, and Richard 13, are presidents of the senior, junior and freshman classes at Beaver Crossing High School. Bob also was president of his class when a freshman. All are sports stars, too.

Makes 100,000th Landing On Carrier

PENSACOLA, Fla. (AP)—A yellow SNJ Texan trainer piloted to a neat halt by 24-year-old naval aviation cadet made the 100,000th landing on the flight deck of the light carrier Monterey.

Donald W. Dickinson, son of Mrs. Thelma Dickinson of Swarthmore, Pa., and a graduate of Lafayette College of Easton, Pa., didn't know until the last minute that his landing yesterday was to be No. 100,000, a record in naval aviation history.

Qualification landings were stopped for several minutes while Rear Adm. Dale Harris, chief of naval air basic training at the Pensacola Naval Air Station, and Capt. H. T. Utter, commanding officer of the Monterey, congratulated Dickinson.

EVERYTHING IN SOME BOOKS
EVANSTON, Ill. (AP)—When his wife lost the car keys after a shopping trip, Orwin Benson made a mighty search.

Deciding it was hopeless, he sat down to read. He selected a book from a shelf and noticed part of a key ring protruding from its leaves. There were the keys his wife had dropped on an open book while on a table and later placed on the shelf.

ARTIST'S SON HURT IN DUEL

BRYN MAWR, Pa. (AP)—The son of artist Norman Rockwell was reported in serious condition today at Bryn Mawr Hospital where he had undergone a delicate operation for a wound suffered in a college fencing meet.

Peter Rockwell of Stockbridge, Mass., 18, a freshman at nearby Haverford College, was operated on after incurring the wound Tuesday night in a match with a Princeton freshman.

Dean William E. Cadbury Jr. said the opponent's weapon, an epee, struck under the protective jacket worn by fencers, nicked Rockwell's heart and punctured both lungs. It was believed the protective tip had fallen off the epee of the opponent unidentified.

Young Rockwell had returned to the campus just recently after taking unauthorized leave to visit New Orleans with a college companion.

Cook poultry giblets in a small amount of seasoned water. Then use the stock for soup, sauce or gravy. Giblet meat is good chopped and mixed with hard-cooked eggs and mayonnaise; use as a spread for crackers or in a sandwich.

Now They're Saving Antique Airplanes!

DES MOINES (AP)—You may wonder if the calendar has been turned back if you see Howard Gregory and E. D. Weeks, Des Moines businessmen, out flying. Their plane is a replica of a 1912 Curtiss pusher-type biplane, flown by Glenn H. Curtiss, pioneer aviator. No basic improvements in the design of the plane have been made.

Weeks and Gregory, both experienced pilots, say they've had to acquire a few more skills since they bought the aircraft last summer because it doesn't handle the same as modern planes.

More This Year

Mortgages on family homes have climbed to 75 billion dollars. The Home Loan Bank Board estimates that more than 16 billion additional dollars will be needed this year to finance home buying.

Installment buying totals spurted with the advent of the new auto models and are now put at 22½ billion dollars. At the same time, the total of single-payment loans, charge accounts and service credit rose to 7½ billion dollars.

Federal government debt is now 278½ billion dollars but hasn't been climbing much recently. State and local governments, however, increased their debt totals about six billion last year and now owe around 34 billion dollars.

Total business debt has risen to around 187 billion.

Farm debt has held around 16 billion, with nearly half of it in mortgages.

Against this record of rising debt, there is the other record of growing savings.

For one example, the nation's mutual savings banks added nearly two billion dollars to their deposits last year, a gain of 8 per cent, for a total of 26½ billion.

Bankers, and other managers of the nation's money and credit, say that the growing total of debt isn't the important thing—what matters is the relation of debt to income. And they point out that in general income has been rising as fast as debt.

St. Peter's in Rome is the world's largest place of worship, says the National Geographic Society.

ACCIDENTS COST U.S. 10 BILLIONS LAST YEAR; CAR BIGGEST KILLER

CHICAGO (AP)—Accidents in the United States last year took a staggering toll, killing 91,000 persons and injuring 9,200,000. The estimated economic loss was nearly 10 billion dollars.

The nation's No. 1 accident killer, as in the last several years, was the motor vehicle.

The National Safety Council, which today reported the various mishaps in 1954, said 36,300 lost their lives in traffic. That was a reduction of 5 per cent from the 38,300 motor fatalities in 1953 and the lowest total since 1950. The all-time record high was 39,969 in 1941.

1,250,000 Hurt
Traffic accidents last year also caused about 1,250,000 nonfatal injuries.

The 1954 over-all accident death toll compared to 95,000 in 1953, a decrease of 4 per cent. The 1954 death rate for accidents of all types was 56.5 per 100,000 population. That was the lowest rate on record and 26 per cent under the 1941 rate.

However, the council said one out of every 17 persons in the United States suffered a disabling injury last year.

The estimated economic loss of \$9,700,000,000 from mishaps in 1954 covered both fatal and nonfatal accidents. The total included wage losses, medical expenses and overhead costs of insurance, production delays, damage to equipment in work mishaps and property damage from traffic accidents and fires.

Huge Property Bill
The value of property destroyed and damaged by 1954 motor vehicle crashes was estimated at \$1,600,000,000. All costs, including medical expense overhead costs of insurance and motor vehicle property damage, were \$4,350,000,000.

Accidents in the home claimed the second largest number of lives, 28,000, a decrease of 1,000 over 1953. The council, which said all figures are estimates, said another 16,000 persons lost their lives in public (not motor vehicles) accidents, the same number as in 1953, and 14,000 were killed in mishaps

Give Invitation To Eisenhowers

HARRISBURG (AP)—The House has extended an official invitation to President and Mrs. Eisenhower welcoming them to become voting residents of Adams County.

A resolution offered by Rep. Francis Worley (R-Adams) and approved unanimously Tuesday, will be sent to the President. It cites the fact that the Eisenhowers own a farm near the Gettysburg battlefield and have expressed their desire to make it their home "in the near future."

WARD BATTLE GOES TO COURT

CHICAGO (AP)—Louis E. Wolfson has won an important legal skirmish in his court fight to gain control of Montgomery Ward & Co. Management, however, will carry the fight to a higher court.

In a ruling yesterday, Circuit Judge Harry M. Fisher declared unconstitutional Section 35 of the Illinois Business Corporation Act. This is the legal foundation for the Ward staggered system of electing directors.

The effect of the ruling is to direct Ward to elect a full board of nine directors in April, instead of only three. Thus Wolfson's chances of gaining control of the board appeared increased.

However, Robert Cushman, attorney for the huge merchandising firm headed by 81-year-old Sewell Avery, announced the decision will be appealed immediately to the Illinois Supreme Court.

A test of strength between Avery and Wolfson, 43-year-old New York and Florida financier, will come April 22 at the annual meeting of Ward stockholders in New York.

at work, a decrease of 1,000 over 1953.

In a breakdown of the mishaps, the council said there were 19,800 persons killed in falls—always a heavy killer; 6,500 died from burns; 6,600 drowned, and firearms deaths decreased 8 per cent to 2,300.

DIES OF INJURIES
CHAMBERSBURG, Pa. (AP)—William Can C. Brandt Jr., 35, Doylestown died in Chambersburg Hospital Tuesday from injuries suffered when his automobile left the street and rammed into a porch in Chambersburg Sunday.

LEGISLATURE TO STUDY WILD LIFE RESOURCES

HARRISBURG (AP)—An all-inclusive study of Pennsylvania's wild life resources—by a legislative committee armed with seldom used subpoena power—will get under way early next week.

The House Tuesday unanimously approved the project to be undertaken by its Conservation and Wild Life Committee.

"I will call a committee meeting next week, probably Tuesday, and the first order of business will be drawing up a plan of procedure," said Rep. Harris G. Breth (D-Clearfield), co-sponsor of the bi-partisan resolution and committee chairman.

"I intend to form a subcommittee to carry out the study and formulate policy," he added.

Few Members

The enabling resolution came up for action at the end of the House's six-hour session when less than 70 of the total 210 members were in their seats. There was no debate on the measure giving the committee chairman power to subpoena witnesses and order produced any pertinent books, papers, records or documents.

This power has not been given a committee of the House or Senate in at least a decade.

"It (the power) merely gives the committee additional fact finding powers that will allow it to pursue any record thought pertinent to make a comprehensive study," Breth said.

Commenting on the manner of the resolution's passage, Rep. Charles C. Smith, Republican House leader, said "actually it doesn't make any difference. They have got the votes and they would put it through anyway."

Met With Director

The committee held its organization meeting before the House action and met with Dr. Logan J. Bennett, executive director of the state Game Commission. Bennett, Maurice K. Goddard, state secretary of forests and waters, and Charles A. French, fish commission executive director, have all offered 100 per cent cooperation to the committee. They head the three state agencies controlling game, fish and forest and water resources which the study will cover.

The resolution cites a "resultant

IN THEIR ELEMENT—Frosty temperatures and lots of snow bring delight to the penguins at London, England, Zoo, plus the fact that the weather kept visitors away.

potential danger of the diminution of our heretofore abounding game, fish, forest and water resources" which demands the attention of the people of Pennsylvania. It directs the committee to report its findings and recommendations to the 1955 session.

San Juan Rabbit

"One of the first things we will look into is the subject of the San Juan rabbit," Breth disclosed. "Farm groups and the Agriculture Department along with sportsmen have a vital interest in this subject right now and we've been asked to look into it as soon as possible."

Breth emphasized what he called the non-partisan makeup of the committee and said the study will be made along bi-partisan lines. The study was co-sponsored by Rep. Maurice L. Banker (R-Huntingdon) ranking GOP committee member. The committee has 14 Democratic members, 8 Republican.

"I believe the sportsmen will welcome this kind of a study because its purpose is to introduce legislation which will facilitate cooperation between the fish and game commissions and forests and waters department and result in maximum benefits for the general public," Breth said.

HEADS NEWSMEN

Kaminski was elected to a two-year term Monday to succeed

YANKEE GIRL VISITS PRINCE

MONTE CARLO, Monaco (AP)—American coed Jo Ann Stork met Monaco's ruling Prince Rainier III and says she'd "love to be a princess and live in this country." There was no indication today that bachelor Rainier would grant her wish.

The 20-year-old University of Illinois student flew to Monaco last week on the blind chance of meeting the handsome, 31-year-old prince after reading in a U.S. magazine that his subjects want him to get married and some would like the bride to be an American.

At first she couldn't get past the palace gates. Then the prince's Roman Catholic chaplain, the Rev. Francis Tucker, interceded and she visited Rainier for two hours Tuesday afternoon. Father Tucker and Rainier's sister Princess Antoinette chaperoned.

Rainier, she bubbled, was "a real prince charming... more handsome than all the pictures I have seen of him."

Joan didn't say what further plans she has. The prince wasn't available for comment.

John Paget, of International News Service, as president of the nation's oldest legislative newsmen's organization, now in its 61st year. The association set April 27 for its biennial gridiron dinner.

CHURCHMEN TO FIGHT MOVE ON PA. GAMBLING

JOHNSTOWN, Pa. (AP)—The Pennsylvania Council of Churches opened its 44th annual assembly Tuesday with a resolution condemning proposed legalized gambling in the state.

Dr. O. B. Poulson, executive director of the Social Relations Division of the council, said in a pre-assembly speech last night that the council plans "a tremendous fight." The council is comprised of 19 Protestant denominations.

The clergyman said a committee from his division already has conferred with Gov. George M. Leader concerning proposals to legalize bingo or parimutuel betting at horse race tracks. He said Leader declared "he is not in favor of legalized parimutuel betting."

Is Church Leader

"Gov. Leader is a fine upstanding young man and a leader in the Lutheran church," Dr. Poulson added.

Dr. Poulson said his organization also has interviewed Rep. Hiram G. Andrews (D-Cambria), speaker of the House of Representatives.

Andrews was quoted as saying the Leader administration "is not looking to race track gambling for money."

Dr. Poulson said Andrews declared he would not go along with the council on its opposition to bingo. But Dr. Poulson said the council "will lick" the bingo question "without him." (Andrews).

"He Plays Fair"

"In 30 years Mr. Andrews has never double crossed us," Dr. Poulson said. "His word is good. He plays fair. I respect him for telling us he is for bingo."

Dr. Poulson said the immediate objective of the council is to raise funds to conduct a statewide drive against proposals on bingo and horse racing already introduced at the current session of the Legislature. He said at least \$3,000 is needed now and that some contributions already have been received.

"We have a crisis in the Legislature," Dr. Poulson said. "Every two years we have to face up to this in Harrisburg... Legalized gambling will be fought by enlisting the help of ministerial groups, men's Bible classes, Women's Christian Temperance Unions,

SENATE OKAYS DEFENSES PACT

WASHINGTON (AP)—The Senate ratified by an 82-1 vote late Tuesday the Southeast Asia Defense Treaty designed to combat either open aggression or subversion in the Far East.

Sen. Langer (R-ND) cast the lone dissenting vote, saying he thinks this country "ought to mind its own business and keep out of foreign entanglements all over Europe and Asia."

Parties to the treaty negotiated at Manila last fall are the United States, Great Britain, France, Australia, New Zealand, the Philippines, Pakistan and Thailand. The treaty area specifically embraces three nonsigners: Viet Nam, Laos and Cambodia.

Among the signers, only the Philippines has not yet ratified the treaty.

Terms of the treaty say that any military action to be taken in the event of aggression will be in accordance with the constitutional processes of each nation. In the event of threats to security by subversion, they are pledged to consult on what counteraction to take.

PHILADELPHIA (AP)—Harry L. Hawkins, 59, vice president and business manager of the Philadelphia Bulletin, died Tuesday night at his home in suburban Cynwyd.

Hawkins, widely known in Philadelphia's civic and business life, had gone to bed early last evening, remarking that he was not feeling well. He was sitting up, playing gin rummy with his son, Robert B. Hawkins when he collapsed. A physician who was called to the home said death apparently resulted from a heart attack.

youth groups and through mass meetings."

To Sit On Them

Dr. Poulson said Gov. Leader and Andrews said all gambling bills in the House would be referred to the Rules Committee and that Andrews further declared "he will sit on these bills until tax measures are passed."

The clergyman said that efforts will be made to have public hearings held by the Senate and House at Harrisburg on all gambling bills, adding:

"According to information received from Sen. M. Harvey Taylor (president pro tem of the Senate) we have every reason to believe these hearings will be granted."

ALASKAN FORCE PREPARED FOR ANY INVASION

ELMENDORF AIR FORCE BASE, Alaska (AP)—An enemy attacking this northern stepping stone to the United States would face a tough tussle for big military bases and cities but he couldn't draw American forces into struggles over remote areas, top military commanders say.

This plan of defense of Alaska's tremendous territory — it's more than twice the size of Texas—was laid out in a news conference yesterday by Lt. Gen. Joseph H. Atkinson, commander in chief, Alaskan Defense Command. He was seconded by Maj. Gen. George R. Acheson, chief of the Alaskan Air Command, and Maj. Gen. James F. Collins, commander of Army forces.

"People ask," Atkinson said, "what we would do if an enemy landed at some place like a little spot over on the coast."

In the first place, he said, "the enemy wouldn't be interested, and if he was we would just leave him there."

Protect Strategic Areas

Acheson said the military's mission is "not to defend all of Alaska" but to keep big installations and important centers out of enemy hands.

Big Alaskan installations mentioned were Elmendorf, Ladd and Eielson Air Force bases, with Anchorage and Fairbanks listed as "important centers."

Atkinson was asked if he believed there was a possibility of attack by Russians on the ground as well as in the air.

"I don't think there would be any big land campaigns," he replied. "I do not rule out the possibility of at least limited airborne operations. As a matter of fact, that is the only way he could get in except for the possibility of attempting amphibious operations in a few spots."

He expressed doubt there would be more major defense construction in Alaska except for the possibility of fighter plane strips.

Acheson said the approaching advent of guided missiles tends to rule out fields too far forward. Gen. Collins said plans are being worked on for locating Nike anti-aircraft guided missile sites in Alaska but that no construction has been started.

CABLE CARS IN SAN FRANCISCO FACE EXTINCTION

By HAROLD V. STREETER
SAN FRANCISCO (AP) — This is a profile of the cable car. And it's none too soon.

Today's question seems to be: "Is this 81-year-old chattering climber of San Francisco's steep hills already more dead than alive?"

The Committee to Save the Cable Cars thought so. In January, it disbanded after eight years of battling for the 11,200-pounders. The discouraged leader gives the cable car only five more years.

Come spring, only 30 cars, manned by a force of 103 gripmen and conductors, will run over less than six miles of track. In their heyday, 600 of them, operated by 1,500 men, clamped metal fists around the noisy, constantly moving under-

ground cables and went swaying up and down the slopes at nine miles an hour over 55 miles of track.

Last November 2, San Franciscans voted 128,482 to 78,466 against allowing cable cars to operate beyond a limited scale.

Purse Over Sentiment
Proponents hailed this as the pocketbook prevailing over sentiment in a city where the cable car has been the chief trademark since Andy Hallidie invented it back in 1873 so his wire works could have more business. They say the reduced operation will save the cable car from extinction.

"Not so," retort those on the other side. Mrs. Hans Klusman, chairman of the Committee to Save the Cable Cars, says voters were bamboozled into believing the cable car can survive largely as an attraction for tourists.

A profile of the cable car is a profile of people. And it's a double exposure. One side exudes all the ecstasy of a first kiss. The other harbors the long burning anger of one who found he picked his vaca-

Sheriff Deputies Get Caught On The Inside

BASTROP, La. (AP) — Deputies Sheriff Clifton Beasley and Doyle Hindmon know now what is like to be on the inside, looking out.

They unlocked the padlock at the jail entrance and went in to pick up two prisoners being transferred to the Angola state penitentiary.

While they were inside, a road employe came to get the prisoners going to work in the road gang. He dutifully locked all doors. That left the deputies locked in and the padlock could only be opened from the outside. Beasley and Hindmon finally attracted someone from the road crew, tossed their keys to him and persuaded him to let them out.

"It wasn't too bad," explained Beasley. "At least I knew I would be free again in a few minutes."

taking in only \$1,361.735.

On the other hand, Mrs. Klusman and her following argue: If you cut down just because a system is losing, then you'd have to do the same for buses and streetcars.

In April, there's to be a Cable Car festival. Big celebrations are planned for Chinatown, Nob Hill and Fisherman's Wharf. Boosters hope it will take on the lucrative lure of New Orleans' Mardi Gras.

Others fear it may prove a wake-up spot next door to an all-night riveting operation.

Invented At Night
Two portentous things happened when Hallidie trundled his invention out on a Clay Street hill August 1, 1873,—in the dead of night, lest it fall and bring him ridicule.

1. The fellow assigned the honor of being the world's first cable car gripman looked downhill into the fog shrouding the wet tracks, jumped out and would have no part of it.

2. The descent, with Hallidie handling the grip, was so noisy it awakened a Frenchman in a nearby house. In his long red underwear, he went to the window, marvelled over what he saw, grabbed some flowers from a vase and tossed them in tribute.

Today it still is a matter of doubt—ers versus doters.

Expensive Transport
On the one hand, city officials say: The cable cars youngest of which was built back in 1888, cost \$1,713,526 to operate last year while

ST. PAUL, Minn. (AP)—Minnesota canners in 1954 packed the most sweet corn in the history of the state's canning industry, Commissioner of Agriculture Myron W. Clark reports. He said 8,263,230 cases were packed this year, compared with 6,452,047 in 1953.

WHEN OTHERS ARE STUCK, HIS BUSINESS BOOMS

DETROIT (AP) — Alec Harrison earns a living from other people's impatience. When slide fasteners get stuck, he fixes them.

For years, says Harrison, inventors have been turning out so-called "foolproof" fasteners guaranteed to work under the most trying conditions. But his business continues to thrive year after year. Harrison can be sure that plenty of customers will walk in with a desperate look on their faces and a fastener stuck half way up.

More than one embarrassed woman has sneaked in wearing a coat over a slip. Another woman, preparing to leave town, was about to pay for her train ticket when she discovered her pocket-book fastener wouldn't work. The ticket agent refused to believe she had the money in her purse and could pay later.

Harrison says problems actually are proportionately very few since about 900 million slide fasteners are manufactured in this country every year.

The Real Reasons
Carelessness and impatience are to blame for most mishaps, this expert says, and men get into trouble as often as women.

"A big man in a hurry puts on a jacket. The fastener gets stuck. He yanks with all his might. He ends up with the slide half way up and stuck. He pulls it some more. Before he knows it, he's got his tie involved. And then he's stuck, but good."

Harrison says the only really foolproof fastener is the one used by the patient man.

Daddy Is Scared As Cars Rolls Downhill

TARIFFVILLE, Conn. (AP) — Alan Lee Bolin Sr., gasped when he saw his car leave the curb where he'd parked it with his five-year-old son, Alan, in the front seat.

The car rolled downgrade, zig-zagging from one side to the other, but missing parked cars along the way. At the foot of the grade, it swerved into a parking space and halted. Racing to it, Bolin found his son behind the wheel.

"I'm scared, Daddy," said the youngster.

"Me too," said Bolin as he slid into the driver's seat.

Virginia Lee invites you to attend
Acme's big exciting
64th ANNIVERSARY
"SALE OF SALES"

The phenomenal growth and progress of the American Stores Company from the humble beginning of one small store back in 1891 clearly demonstrates the wisdom of the policy of the founders: "To provide the best of foods, the policy of the founders, at the lowest possible prices consistent with our high quality standards." The loyal support of millions of homekeepers down through the years ranks the Company as one of the country's leading and largest food chains.

The present program of expansion provides for many additional Acme Super Markets—the goal, a new Acme Market each week during 1955. These markets will be the very "last word" in equipment, designed to provide greater pleasure, comfort and convenience to our large and ever-growing host of shoppers. As in the past—we assure you of greater effort to serve our patrons better.

SPARKMAN SAYS SOME ISLANDS DEMANDED BY REDS IN TERMS

By JACK BELL

WASHINGTON (AP)—Sen. Sparkman (D-Ala.) said Wednesday United States will have to consider the possibility of yielding some small Nationalist-held islands to Red China if this country follows through on United Nations efforts to work out a cease-fire in the Formosa area.

Sparkman, chairman of the Senate Foreign Relations Far Eastern subcommittee, said in an interview he has no doubt that if the Chinese Communists accept a U.N. Security Council invitation to talk about a truce, "the least of their demands will be that the Chinese Nationalists give up Quemoy, Matsu and the Tachens."

These islands—close to the Chinese mainland—are regarded as covered by the defend-Formosa resolution passed by Congress last week, but Sparkman said the administration's attitude toward defending them remains "foggy."

Will Insist On Some
"The Communists have made it very clear that they will insist on getting these islands," he said. "If the islands are necessary for the adequate defense of Formosa, then we are going to fight for them. If they are not essential, I don't think we ought to spill American blood over them."

Some of those who attended a conference of Republican congressional leaders with President Eisenhower on Tuesday said they came away with the impression that any Red Chinese attack on the offshore islands will be met with immediate American counter-moves.

No Appeasement
Sen. Knowland of California, the Republican leader, has said he would fight any move to give these islands—or any other Nationalist-held territory—to the Communists to gain a cease-fire.

Knowland said an amendment of this nature would be proposed if Sen. Humphrey (D-Minn.) renews attempts to get Foreign Relations Committee approval for a resolu-

Army Corporal Is Killed In Accident

CARLISLE, Pa. (AP)—Cpl. Paul A. Brown, 25, Keyser, W. Va., was fatally injured Tuesday when his car spun out of control and collided with a tractor-trailer on the snowy Pennsylvania Turnpike.

Brown, stationed at the Chambersburg Army Depot, died in Carlisle Army Barracks Hospital almost eight hours after the crash. His wife, a passenger in the car, was not injured.

Police said Brown was passing another auto when his vehicle went into a spin, crossed the center strip of the highway and collided with a truck driven by Romeo F. Bey, 37, Phoenixville.

tion that would put the Senate on record as backing administration moves to seek a cease-fire through the U.N.

"The President has proposed the cease-fire action and we have been led to believe that he would not favor appeasing Red China," Humphrey said. "Personally, I am willing to trust the President to work out an honorable cease-fire, but it appears that some of the Republicans are not."

Collapsible metal tubes like those in which toothpaste is marketed are made of tin, lead and aluminum.

CONTEST HUGE BRIDGE COST

PHILADELPHIA (AP)—A group that was ordered to pay more than 3 million dollars to receivers of two bridges over the Delaware River contends that the order denied them a due process of law.

This assertion was made Tuesday in U. S. District Court by Atty. Thomas C. Eagan, counsel for the group which includes former New Jersey state Sen. Clifford P. Powell and four others.

They had been named defendants in a suit by the receivers for the Burlington-Bristol and Tacony-Palmira bridges.

Eagan's assertion was made in answer to an appeal by Theodore Voorhees, counsel for the receivers. Eagan said the New Jersey Superior Court set a figure of \$3,050,947 despite an agreement that damages would not be sought.

Powell and the others sold the bridges to the Burlington County Bridge Commission. In 1950, the New Jersey Superior Court ruled the sale was illegal. The decision was appealed to the New Jersey Supreme Court which ruled in 1952 that the bridge commission must operate the two spans under supervision of the court until the bondholders were paid off. The court

New P. O. Called University Park

STATE COLLEGE, Pa. (AP)—Officials at Pennsylvania State University have prepared to establish a branch post office on the school campus under the name of University Park.

The university on Tuesday received approval for the branch office from the U. S. Post Office Department.

The substitution, to be operated by the borough post office, will be opened on or before the university's official 100th anniversary Feb. 22. It will be located in the new Hetzel Student Union Building.

ordered Powell's group to give up its profits, which it said were \$3,050,947.

Eagan told the court Tuesday that by the end of 1955 the full bond issue of \$12,400,000 of the bridge commission will have been paid off. "They will not only get back the bridges free and clear but also this judgement of \$3,050,947 which would bankrupt the defendants to pay," he asserted.

He said also that the defendants had incurred expenses of \$1,750,664 and that if "they (the receivers) are entitled to anything, they are entitled to the net which we got and not the gross."

ADVERTISE IN THE TIMES

CHESTER CHURCH INTERIOR BURNS

CHESTER, Pa. (AP)—Fire Tuesday night destroyed the interior of the Upland Baptist Church and an adjoining Sunday School building in nearby Upland as firemen from eight companies fought to bring the blaze under control.

Firefighters managed to carry out some of the altar vessels, vestments, supplies and furniture of the church before they were driven back by smoke and heat. Officials and the pastor of the church, the Rev. David A. MacQueen, were unable to determine immediately cause of the blaze.

Apparently it started in the educational building which contained kitchens, recreation and class rooms. A passing motorist discovered the fire and telephoned police at 10:45 p.m.

About an hour later, when the blaze appeared to be controlled, it suddenly burst through the roof and flared strongly, igniting the steeple which toppled into the ruins.

No estimate of the damage was announced.

If you work a 40-hour week with two weeks vacation you work 2,000 hours a year.

BILL PERMITS TOWNS TO RUN ALL UTILITIES

HARRISBURG (AP)—A broad municipal utility law which would permit any community to run all types of public utilities is under consideration in the House today.

The measure, sponsored by Rep. J. P. Moran (D-Allegheny), would authorize cities, boroughs, towns and townships to construct, acquire, own, operate, control, sell and lease facilities for the production, generation, transmission, distribution or furnishing of natural or artificial gas, electricity, steam or water.

It would grant each such municipal authority the power of eminent domain—to acquire such public utility facilities. In addition the bill provides that the public utilities "shall at all times be operated for the mutual benefit of the inhabitants of the municipality" and that surplus revenue above reasonable reserve shall be paid to the municipality.

Other Measures
Other bills introduced in the House Tuesday:

Provide for suspension of the operator's license of a motorist convicted of violating the law regarding the passing of school buses—Reps. Thomas H. W. Jones (R-Montgomery), Herbert Fineman

(D-Philadelphia) and Evelyn Glazier Henzel (R-Montgomery).
Prohibit telephone wiretapping except by officials investigating subversive activities—Louis J. Amarando (D-Philadelphia).

Give full-scale veterans' organization privileges to the Italian-American World War veterans, including the right of free automobile licenses for vehicles owned by the organization—Rep. Amarando.

Make it illegal to sell switchblade knives or to carry slingshots, billies, dirk-knives, razors or similar deadly weapons—Rep. Amarando.

Repeal a 1953 law going into effect next Jan. 1 which will remove machinery, tools and similar items as a basis for real estate taxation—J. J. Maxwell (D-Westmoreland) and Charles J. Mills (D-Westmoreland).

Permit counties to appropriate up to \$5,000 a year to be used for maintenance of county fair sites—Reps. Albert W. Johnson (R-McKean) and Harris G. Breth (D-Clearfield).

Exempt persons of 65 or over from real estate taxes on their homes if their income is less than \$2,000 a year—Reps. J. P. Moran (D-Allegheny) and George Jenkins (D-Allegheny).

Senate Measure
Bills introduced in the Senate Tuesday would:

Remove the "peril point" from the state unemployment compensation law by elimination of a clause providing for an automatic decrease in maximum jobless ben-

efits and an increase in employers' payroll taxes when the reserve fund falls to a certain level—Sens. Edward J. Kessler (R-Lancaster), Rowland B. Mahany (R-Crawford) and Henry J. Probert (R-Montgomery).

Revoke the commission of notary publics for issuing checks without funds on deposit—Sens. Kessler and Probert.

Provide for non-partisan election of school directors rather than having the candidates politically sponsored—Sen. Frank W. Rauh (D-Berks).

DETROIT (AP)—The "Big Three"—General Motors, Ford and Chrysler—turned out 634,287 passenger cars in the United States last month for their biggest January production in history. They topped January, 1954, by 203,000 cars.

BIG GAINS IN INDUSTRY MADE BY USSR IN '54

By TOM WHITNEY
AP Foreign Staff

NEW YORK (AP)—The biggest news story from Russia rarely breaks into the headlines: It's the fact that the Soviet Union continues year after year to register big gains in industry. Production of machinery—capital goods and war material—is zooming upwards.

Figures make dry reading. But they are much more likely to tell the final story of war or peace and

who wins out in the race for world leadership than conflicts within the Kremlin.

How They Compare
Here's how the Soviets compared in 1954 with the United States in production of four major industrial commodities generally regarded as reflecting over-all economic strength of nations:

Commodity	U.S.S.R.	U.S.
Steel	41	80
Coal	346	373
Petroleum	58	312
Electric power	148	544

(Steel, coal and petroleum measured in millions of metric tons, electric power in billions of kilowatt hours.)

New Lead in Coal
Except for coal, U.S. production of these basic items is from two to five times that of the U.S.S.R. but the U.S. margin used to be much

higher in some items.

In coal, not only a basic fuel but also a raw material for the chemical and metallurgical industries the story is quite different. Because American coal production has dropped sharply during recent years, the U.S.S.R. is about to capture first place in the world unless there's a quick upswing in U.S. output.

The Soviet leadership has many serious problems in its economy, particularly in agriculture. But none was serious enough to prevent the Soviet Union from increasing steel output in 1954 by more than 3 million tons, coal by 26 million, cement by 3 million, petroleum by 6 million tons and electric power by 15 billion kilowatt hours.

Electric Power Gains
During this same year U.S. steel production fell off by about 20 mil-

Emmitsburg

EMMITSBURG—Last rites were held Wednesday for Mrs. Sarah Ellen Steinberger at St. Francis Church, Gettysburg. Mrs. Steinberger was the mother of Miss Josephine Steinberger, proprietress of

lion metric tons, coal by about 60 million and petroleum about 60 million and petroleum about 6 million tons.

In electric power, however, the United States output increased more than twice as much as that of the U.S.S.R.—by 31 billion kilowatt hours. Since power production is considered the most significant single index of industrial development this demonstrates that America is not by any means sliding backwards economically.

the Vanity Box Beauty Salon in Emmitsburg.

Cloyd Seiss has returned to his home here after a brief visit with Mr. and Mrs. Robert Lamberson, of Pittsburgh.

Mrs. Hester Burton is visiting in Annandale, N. J., with Mr. and Mrs. Bernard Ramsburg.

Mrs. O. H. Stinson spent last Friday in Baltimore.

Mrs. C. A. Elder, wife of the editor of the Emmitsburg Chronicle, Taneytown road, has returned home from the Warner Hospital, Gettysburg, where she underwent surgery.

At the reorganization meeting of the Pen Mar Baseball League at the V. P. W. home recently, two local men were elected to office. Guy McLaughlin was made president and Frank Topper, secretary-treasurer.

LOOK OUT FOR "MOLL-BUZZING," POLICE WARN

WASHINGTON (AP)—This is the time of the year when "moll-buzzing" is at its peak, and Sgt. Bernard (Buck) Best of the robbery squad of Washington's Metropolitan Police pipes a few words of wisdom on the subject.

Moll-buzzing is the art of picking the pockets of women shoppers who, according to Sgt. Best, comprise 85 per cent of the victims of the "shots," or "cannons," as they are called.

"Also, some of the best pick-pockets are women," Sgt. Best says. "Women are the easiest victims, especially at Christmas time, because they're always loaded with packages and they're constantly distracted looking for bargains."

Pickpockets have rough going with men shoppers in the winter time, however, says Sgt. Best, because it's so hard to get under their top coats and vests and much easier to get caught.

Shoulder Bags Out

"Women are plain silly to wear shoulder bags, or to sling purses on handles over their arms," Best adds. "That's just inviting a touch. Distraction and rush are prime elements figuring in pick-pocketing. Morning and evening rush hours are the best times for pickpockets in the stores, on the business-district streets and on public transportation."

Mark A. Roberts, local private detective who is noted as an authority on shop lifting and has conducted some unusual seminars on the subject for shop-owners here, also knows a lot about pickpockets.

He says these artisans usually work in groups. The one who actually hits the pocket—or "poke" as the pocketbook is called in their vernacular—is called a "wire," and when one of them gets the loot that's called a "score" or "sting."

Insensible To Touch

Only rule of thumb for surmising you are about to be victimized, both men warn, is a continuous jostling

SMALL BUT MIGHTY—Four people and their luggage can fit into this German car, the Kleinschmittzer, which weighs only 600 pounds, travels 62 miles an hour and sells for \$821.

Abbottstown

ABBOTTSTOWN—Mr. and Mrs. Martin Diller have left for Florida where they will spend several weeks.

Mr. and Mrs. W. L. Custer and Mrs. Bernice Barrett, Norristown, or pushing.

"In crowds you're insensible to touch," says Roberts. "It's always best for women to clasp the purse tight, under one arm. Men should never pat a hip pocket to see if their wallet is still there. That's a dead giveaway."

Roberts doesn't expect women will pay much attention to this advice. "My own mother got robbed," he said. "I kept telling her not to wear a shoulder bag so carelessly when she was starting off on a trip to Italy. She just laughed and said 'Oh, you think everybody is a crook.' She was moll-buzzed good. The wire got a sting of some \$1,500."

visited Saturday at the home of Mr. and Mrs. Charles Slothour.

Mr. and Mrs. Glenn Barlow and daughter, Joanne, and son, Billie, York, spent the weekend at the home of Mr. and Mrs. Elmer Butt.

The Ladies' Aid and Women's Guild of the Reformed church will meet at the home of Mrs. Nettie Berkheimer.

Mrs. Clair Emig is confined to her home due to illness.

Miss Frances Haines and a girl friend from Chevy Chase, Md., are visiting at the home of Miss Haines' grandmother, Mrs. Helen Haines.

Must Be Registered Voters To Get Jobs

JOHNSTOWN, Pa. (AP)—Local 910 of the AFL Construction and General Laborers Union has decreed that its members must be registered voters if they wish to work on union jobs.

Pete Livolsi, president of the local, said the action was taken Tuesday and affects 2,900 members in a 11-county area of southwestern Pennsylvania. Explaining the action, he said:

"We're not interested in party affiliation. We're out to get the men registered—then it is up to them how they want to vote."

day, Dr. Mattison said, "I hope that the many activities of the state Department of Health along with the support of the medical profession will make possible longer, happier and more productive lives for all of our citizens."

Health Secretary Assumes His Post

HARRISBURG (AP)—Dr. Berwyn F. Mattison was at his post today as state health secretary with a call for continued development of protective health services for Pennsylvanians.

In assuming his position Tues-

East Berlin

EAST BERLIN—William A. Sinner and daughter, Miss Katharine M. Sinner, York, were recent visitors to their former home area at Red Run, accompanied by another daughter, Helen, Atlantic City, N. J., and Mr. Sinner's son, Carl, Middletown, with his wife and son, Stephen.

Charles L. Gentzler was guest speaker Sunday at the Parish Youth Night services of the Chestnut Grove Church of the York Springs Lutheran charge.

Boys of Paradise Agricultural school will be guests Sunday afternoon, February 13, at a minstrel show presented for them by the Hanover area Knights of Columbus, in the auditorium of St. Joseph's parochial school, Hanover.

Mrs. Charles B. Wallace was recently transferred from the Lutheran congregation of Red Run church to the Reformed congregation of the same Union church.

John J. Serff, State College area high school teacher, received a doctor of philosophy degree in history Monday from Pennsylvania State University at the annual mid-year graduation ceremonies.

Saturday afternoon a shooting match for the public, sponsored by men of Paradise Catholic Church, will be held in the field behind the church, for the benefit of the building repairs fund.

Mrs. Harry Berkheimer entertained the Holtzschwamm Reformed Church's Women's Guild during the past week at her home near the church.

The Harvey W. Rupert family have moved to the Dover area.

February 4 is to be marked as First Friday by Paradise Catholic parish with masses at 6:45 a.m. in the Paradise Agricultural school chapel, and evening mass at 7:30 p.m. in the parish church. Preparatory confessions will be held in the traditional ceremony of the Blessing of Throats, in honor of the Feast of St. Blaise. Parochial school children will receive the blessing at the chapel during the Thursday school day.

For the benefit of Paradise parishioners unable to receive the Blessing of Throats on the Feast of St. Blaise, the rite will be conferred again after the First Friday evening mass.

Your Income Tax Extra Care, Full Record

By FRANK O'BRIEN

(The Associated Press)

There are only a few kinds of income that you need not even report in making out your income tax return.

In nearly all instances you are required by law to report all your income, whether or not you will have to pay a tax on it.

This creates a considerable problem, since there are so many kinds of income. This whole problem boils down to item 5, on the first page of form 1040, the "other income" line, where you are asked to enter the total of your income from dividends, interest or other sources, or any net loss. This line should show the balance of all your reportable income other than wages or salary.

Nearly the whole of page 2 of the return is taken up by schedules A through H, where some of the details of your other income are to be entered.

In many cases, to get the results that you put in these special schedules, you will have to fill in your own worksheets, where you can show fuller details, and your arithmetic. You should attach a copy of these worksheets to your return, and keep a copy for yourself, where you feel supporting detail is needed. But do not send in with your return your receipts, invoices and like records. Keep these proofs of the honesty of your return.

Two Income Lists

On page 6 of the instructions mailed with your return you will find two lists, one of income that must be reported and the other of income that need not be reported. Neither list is complete. But each covers the more important types of income in its class.

We have already been over the handling of some of these types of "other income." The handling of dividends and retirement income was discussed in articles five and six. We have already noted that businessmen must fill out a special, separate schedule C designed to show business income, profit and loss, and transfer the results to summary schedule C on page 2 of form 1040. The fundamental thing to remember

in these, and other types of income that must be reported, is that you are required by law to report the total, even though as may be the case with your dividend or retirement income, you may be able to exclude all or part of it from your taxable income.

The new tax law's major changes in the "other income" field concern prizes and awards, and scholarships and fellowships.

The old law was not very specific about what prizes and awards were or were not taxable. The revenue service had made many specific rulings, ranging from the Nobel Prize (not taxable) to door prizes. The new law tightened up, in effect using the Nobel Prize as a model for non-taxable prizes and awards.

Tax Most Prizes

If you win any kind of a prize or award, you must pay tax on it unless it fits these specifications:

1. You must have been selected as the prize winner without any action by you to enter a contest or a proceedings.
2. You must not be required, as a condition to getting the prize, to render any "substantial" future services.

Even though you can meet those conditions, your prize will still be taxable unless it was made "primarily in recognition" of:

Religious, charitable, scientific, educational, artistic, literary or civic achievement.

That would appear to make most radio, TV and other run-of-the-mine giveaways taxable.

Within certain limitations, the amount of a grant (including accommodations, travel expense, and equipment or a cash allowance for them) under a scholarship or fellowship is tax free, when it meets these conditions:

It must be for the training or education of an individual, as part of his progress toward an academic degree or otherwise to further his education.

For College Grants

Persons who are candidates for a degree must pay tax on any part of their academic grant representing payment for their services, un-

SMALL FRY STRINGS — Anita Courtman, left, violinist of Jacksonville, Fla., Symphony, directs rehearsal of Baby String Orchestra members whose ages range from 4½ to 6.

less all candidates for the same degree are required to perform similar services (such as teaching, in working toward a degree in education).

Persons who are not candidates for a degree must pay tax on their scholarship or fellowship grant unless it comes from a tax-exempt religious, charitable, scientific, literary, or educational organization or from a government.

Tax-free grants to persons not candidates for a degree are limited to \$300 a month, for a maximum of 36 months.

A separate schedule D—like all separate schedules, available at banks and post offices—guides you through the complicated process of entering your capital gains or losses, or gains or losses from the sale or exchange of other property. There are definitions and explanations on the back of the schedule, but this is a point where many people will want to consult a revenue agent (your bank, post office or local newspaper can tell you where to find him, and he can probably answer your queries by telephone), or a paid tax consultant of your choice.

Add Totals

When you have all of your other income entered in the special section for it on Page 2 of Form 1040, you add up the totals, and enter your net profit or loss below Schedule G. Then you transfer the total other income (or loss) to Item 5, on Page 1.

That allows you to complete the determination of your adjusted gross income. You will already have subtracted from your income any exclusion you may have for sick pay. And in figuring your other income, you will have subtracted any excludable portions of your dividend and pension and annuity income.

In winding up your return and determining the tax you owe—the subject of the final article of this series—you will subtract any credits coming to you on account of dividend or retirement income.

(Next: Tax or refund?)

Motorists who have been shuddering at the roadside spectacle of beer cans, glass bottles, paper containers, flash bulbs and assorted other trash have reason, at long last, to take heart. The litterbug is losing his popularity.

Some of America's best known organizations are training their guns on this unwelcome, unkempt, unproductive and undesirable highway pest. While they can't spray him down, as with Flit, they aim to do the next best thing.

Education and legislation are their two chief weapons. If they are unable to coax his conscience into keeping from tossing garbage out the car window, then they propose he be considered in violation of the law and subject to arrest, prosecution and penalty.

Such groups as the garden clubs, the Izaak Walton League, the National Park Service and AAA motor clubs, being seriously concerned with the litterbug problem, are conducting their own efforts at curbing the menace. The Boy Scouts, in their new "Outdoor Code," pledge to adopt clean outdoor manners — with this declaration: "I will treat the outdoors as a heritage to be improved for our greater enjoyment. I will keep my trash and garbage out of America's waters, fields, woods and roadways."

In addition to these organizations there has appeared lately on the scene a new group called Keep America Beautiful, Inc., established as "a national public service organization for the elimination of litter."

Keep America Beautiful, or

Furman's Floyd Is Stretching His Lead

NEW YORK (AP)—The field is falling farther and farther behind Furman's Darrell Floyd, shooting along on a 37.1 game average in major college basketball and branching out into the total points lead as well this week with 557.

Only two other scorers are hitting 30 points or better on the average at this stage—Ohio State's Robin Freeman (35) and Virginia's Buzz Wilkinson (31.6).

Jesse Arnette of Penn State is 7th with a 27.6 average.

ready begun independently, is being conducted by the Inland Automobile Association, in cooperation with the Spokane Daily Chronicle. Through daily newspaper features, appeals for help to other civic groups and the distribution of special trash bags, they are getting over the message that: "Littering of roadsides, parks and campsites and damage to recreational areas in the Inland Empire has become a serious problem which must be corrected if we want this wonderful area to retain its natural beauty and attractiveness."

This program, if it were spread to enough other regions, no doubt would bring the litterbug to heel—and from the looks of things the movement is now spreading faster than the litter.

PUBLIC SALE

FRIDAY, FEBRUARY 18, 1955

Sale Starts 10:30 A.M.

The undersigned will discontinue farming due to the fact that my son is being called to military service, and will offer the following at public sale on the John Cauffman farm, 7 miles east of Chambersburg, midway between Fayetteville and Duffield:

HOTEL GETTYSBURG ANNEX

MONEY FLOWS IN SOUTHERN VACATION LANDS

By JANE EADS

WASHINGTON (AP)—Vacationing in the fall as many Washingtonians do—especially in election years—has its advantages if you're heading South.

Escaping the "season" is one of them.

In one swank sunland paradise, which boasts at least 33 retired resident millionaires and where beachfront property sells for \$200 a foot, the season is said to begin when you can count more than 33 Cadillacs on the main drag and one-room efficiencies rent for as high as \$2,000 for the winter.

Out-of-season rates for folks like me are about one-tenth of what they are for the so-called "fat cats." Deep-sea fishing boats and even bait have special rates, but at all times fishing itself is a supreme luxury that anyone, rich or poor, can enjoy anytime from almost any bridge, breakwater, pier, dock, roadside or shoreline—and for nothing.

Elsewhere the season begins when people move out of their trailers and rent them for prices they couldn't

afford to pay for a 20-room mansion back home and cut mullet for bait at double the usual price.

Poinsettias grow tall in the front yards. Towns, streets and motels are named after the Christmas flower. They're part of the scenery, but tinsel, Santas and jingle bells seem out of place in the Southland. It's not until you're edging northward, feeling the tang of winter and seeing the frosty countryside, that you come to realize how shockingly few "shopping days" there are!

I did try to cross some names off my list on one Palm Beach venture but got discouraged when I saw women buying \$10.50 hankies ("a half-dozen of this pattern, a half-dozen of that") and \$20 vials of perfume just for "a little something to tuck in the stocking."

Underpaid Scribe

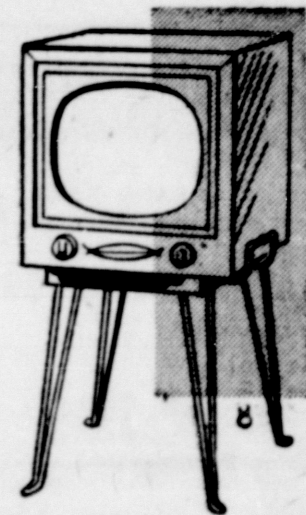

My friends are going to have to settle for paper-shell pecans from Georgia, seashell jewelry and orange marmalade from Florida, pralines from New Orleans and Cherokee Indian handicrafts from North Carolina.

Shivering up north again. I long to change places with the old couple fishing with their long poles in an out-of-the-way spot with their dog at their heels. They know no season and apparently no worry. All they have to do is fish, go home and cook what they caught, go to bed, get up and fish again. The best present Santa can bring them is a bite.
